Table 10
XH05A - Many experts argue that it is becoming more expensive to fund the NHS because of increasing costs of treatments, an ageing population and several other factors. This means that even in order to maintain the current level of care and services provided for free by the NHS, spending on the NHS would have to increase. With that in mind, which, if any, of the following would you most like to see?
Base: All adults aged 15+ in England asked text version A

		GENDER		AGE			SOCIAL GRADE				WORKING STATUS				CHILDREN IN HOUSEHOLD		ETHNICITY		GOVERNMENT OFFICE REGION

Table 13
XH05B - Many experts argue that it is becoming more expensive to fund the NHS because of increasing costs of treatments, an ageing population and several other factors. This means that even in order to maintain the current level of care and services provided for free by the NHS, spending on the NHS would have to increase. With that in mind, which, if any, of the following would you most like to see?
Base: All adults aged 15+ in England asked text version B

●	1	1	XH01 - Which of the following statements best reflects your thinking about the NHS?	Base: All adults aged 15+ in England	1151
●	2	2	XH01 - Which of the following statements best reflects your thinking about the NHS?	Base: All adults aged 15+ in England	1151
	3	3	XH02 - I am now going to read out some of the principles on which the NHS was set-up. For each of the following statements, please tell me the extent to which you think the principle should still apply to NHS services today. Summary	Base: All adults aged 15+ in England	1151
●	4	4	XH02_1 - I am now going to read out some of the principles on which the NHS was set-up. For each of the following statements, please tell me the extent to which you think the principle should still apply to NHS services today. The NHS should be free at the point of delivery	Base: All adults aged 15+ in England	1151
●	5	5	XH02_1 - I am now going to read out some of the principles on which the NHS was set-up. For each of the following statements, please tell me the extent to which you think the principle should still apply to NHS services today. The NHS should be free at the point of delivery	Base: All adults aged 15+ in England	1151
●	6	6	XH02_2 - I am now going to read out some of the principles on which the NHS was set-up. For each of the following statements, please tell me the extent to which you think the principle should still apply to NHS services today. The NHS should provide a comprehensive service available to everyone	Base: All adults aged 15+ in England	1151
●	7	7	XH02_2 - I am now going to read out some of the principles on which the NHS was set-up. For each of the following statements, please tell me the extent to which you think the principle should still apply to NHS services today. The NHS should provide a comprehensive service available to everyone	Base: All adults aged 15+ in England	1151
●	8	8	XH02_3 - I am now going to read out some of the principles on which the NHS was set-up. For each of the following statements, please tell me the extent to which you think the principle should still apply to NHS services today. The NHS should be primarily funded through taxation	Base: All adults aged 15+ in England	1151
●	9	9	XH02_3 - I am now going to read out some of the principles on which the NHS was set-up. For each of the following statements, please tell me the extent to which you think the principle should still apply to NHS services today. The NHS should be primarily funded through taxation	Base: All adults aged 15+ in England	1151

	Page	Table	Title	Base Description	Base
●	10	10	XH05A - Many experts argue that it is becoming more expensive to fund the NHS because of increasing costs of treatments, an ageing population and several other factors. This means that even in order to maintain the current level of care and services provided for free by the NHS, spending on the NHS would have to increase. With that in mind, which, if any, of the following would you most like to see?	Base: All adults aged 15+ in England asked text version A	583
