Some issues are more important than others to different people. Thinking now about the Hunting Act which banned the hunting of wild mammals such as foxes, hares and deer with dogs for sport. At the next general election, which, if any of the following statements comes closest to the way you would feel about a candidate in the election on the subject of legalising or not legalising hunting with dogs for sport?

Some issues are more important than others to different people. Thinking now about the Hunting Act which banned the hunting of wild mammals such as foxes, hares and deer with dogs for sport. At the next general election, which, if any of the following statements comes closest to the way you would feel about a candidate in the election on the subject of legalising or not legalising hunting with dogs for sport?
