International Perils of Perception 2016 Questionnaire

Q1. What do you think the current population of [country] is? By 'population', we mean all residents of [country] regardless of legal status or citizenship. Please give your answer to the nearest 1 million.

Q2. And what do you think the population of [country] is projected to be in 2050 by the United Nations? Please give your answer to the nearest 1 million.

Q3. Out of every 100 people in [country], about how many do you think are Muslim?

Q4. Now thinking about 2020, out of every 100 people in [country], about how many do you think will be Muslim?

Q5. What percentage of [country's] total annual Gross Domestic Product (that is, the total value of all economic activity in [country]) do you think is spent on health expenditure each year? This includes public and private health expenditure. It covers the provision of health services (preventive and curative), family planning activities, nutrition activities and emergency aid for health, but does not include provision of water and sanitation.

Q6. Out of every 100 households in [country], how many are owned by someone who lives there? By 'owned', we mean owning the home outright or buying it with the help of a mortgage or other loan.

Q7. And what percentage of [country's] total household wealth do you think the least wealthy 70% in [country] own? When thinking about wealth, we want you to think of the total value of everything someone owns (including their bank account, savings, property, stocks, shares… etc) minus any debt that they owe (like loans and mortgages).

Q8. Thinking about the upcoming US Presidential election, do you think that Donald Trump or Hillary Clinton will be elected as president?

> **Donald Trump**
> **Hillary Clinton**
> **Don't know**
