BE SURE. MOVE FASTER.

It's always better to be proactive than reactive. At Ipsos, we know the more you know, the sooner you can get ahead.

GAME CHANGERS Ipsos

IS THAT YOU?

SURVEY DEVELOPER (INTERNSHIP)

PERSONAL PROFILE

- Agile and open-minded;
- Friendly, motivated, dynamic and ambitious;
- Passionate about technology;
- Quick learner with analytical mindset.

Sounds like you? Great!

EDUCATION

University degree/last year student in Mathematics, Computer Science/Information Technologies or related will be considered as an advantage;

SKILLS

- Strong communication (written and verbal) and interpersonal skills (we work with people, so yes, we do need people skills :))
- Excellent analytical skills and attention to details (we've already mentioned that);
- Good command in English (we're sure that you have it anyway);
- Willingness to develop skills in scripting/ programming (the most important! without will there is no way);
- Knowledge in at least one programming language (yes, that's it! All you need is a good basic knowledge and we'll teach you the rest);
- Experience with VBA/HTML/CSS /SQL/jQuery or a survey programming/data processing software (such as Decipher, ConfirmIt, Dimensions) will be considered as a strong advantage.

WORK EXPERIENCE

Relevant experience is not required.
IF YOU JOIN OUR TEAM, WE'LL PROVIDE YOU WITH DETAILED ONBOARDING AND TECHNICAL TRAINING (IN COMBINATION WITH MENTORING). AND YES - WE'LL BE PAYING YOU WHILE WE TEACH YOU :)

OUR CULTURE?

- We respect and recognize our Colleagues and our Clients.
- We encourage collaborative attitude and team-based culture.
- We appreciate initiative and autonomy.
- We aim people development and growth.
- We meet challenges and improve.
- We can offer you extensive trainings, friendly work environment, real chance for professional development and great people to work with.

ADDITIONAL INFORMATION:

Paid internship program for 3 or 6 months period and REAL opportunity to grow in your career within the Company:

- Intensive initial training on new scripting Languages and Technologies;
- Starting date: To be discussed;
- Duration: 3 or 6 months;
- Working time: full time.

Of course - a variety of team (fun) activities on top of the excellent remuneration package and additional benefits are included.

WHAT DO WE DO?

Currently we are looking for motivated and enthusiastic talents to join our Internship program as SURVEY DEVELOPERS.

The role of the Survey Developer is to execute and deliver market research surveys, using specific software.

This position combines development, quality assurance and direct communication with clients and colleagues.

It's the perfect match for someone who has attention to the details and willingness to meet new challenges.

What do you think?

Apply now and get the chance to be part of unique know-how and culture!

Please note that due to the current Covid-19 situation, our recruitment process is online.

We're expecting YOUR CV in English. Please note that only short – listed candidates will be contacted.
Confidentiality is guaranteed.
