

## Table of Contents

### Table Description

<a href="#">1</a>	1. Some private security companies in Canada are proposing to offer supplementary tasks (e.g., traffic management, prisoner detention and transportation services, follow-up for non-priority and non-criminal calls) in support of police services, which could help lower government spending on police services and allow police officers to focus on other police duties. To what extent do you agree or disagree with this idea?
<a href="#">2</a>	2_1. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Traffic management
<a href="#">3</a>	2_2. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Prisoner detention and transportation services
<a href="#">4</a>	2_3. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Enforcing municipal by-laws and parking tickets
<a href="#">5</a>	2_4. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Taking statements after home break-ins once the police have secured the premises
<a href="#">6</a>	2_5. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Securing crime scenes
<a href="#">7</a>	2_6. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Providing security at music festivals and other major events
<a href="#">8</a>	2_7. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Taking statements and fingerprints and transcribing interviews at the police station
<a href="#">9</a>	2_8. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Assisting victims during the suspect identification procedure
<a href="#">10</a>	2_9. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Administrative tasks (legal identification, administrative support, and facility management) at the police station
<a href="#">11</a>	2. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Very/Somewhat Comfortable Summary
<a href="#">12</a>	2. How comfortable are you with the idea of private security companies performing the following supplementary tasks, which are currently performed by the police? - Not Very/Not At All Comfortable Summary
<a href="#">13</a>	3. Would you be completely opposed to any of the following supplementary tasks being performed by a private security firm, regardless of the situation?
<a href="#">14</a>	4. Which of the following two statements best reflects your opinion?
<a href="#">15</a>	5. Which of the following two statements best reflects your opinion?
<a href="#">16</a>	6. Which of the following two statements best reflects your opinion?

1. Some private security companies in Canada are proposing to offer supplementary tasks (e.g., traffic management, prisoner detention and transportation services, follow-up for non-priority and non-criminal calls) in support of police services, which could help lower government spending on police services and allow police officers to focus on other police duties. To what extent do you agree or disagree with this idea?
