5. Currently, the Government of Canada oversees the maintenance of roughly 207,000 graves of Canadian soldiers across Canada. Government auditors have found that more than 45,000 of these grave markers require maintenance. Prior to 2003, the federal government allocated \$5 million annually to the care of these grave markers. Since then, the budget has been reduced to \$1.2M, where it remains today. Do you support or oppose increasing the budget to better maintain these sites?
