

IPSOS GLOBAL NEWS YEAR-END POLL 2017 – FEDERAL POLITICS UPDATE

IPSOS GLOBAL NEWS YEAR-END POLL Methodology

- These are the findings of an Ipsos poll conducted from December 10 to December 14, 2017, exclusively for Global News.
- A sample of n= 2,098 Canadians aged 18+ was sampled via the Ipsos I-Say panel and nonpanel sources.
- Quotas and weighting were employed to ensure that the sample reflects that of the Canadian population by region, age and gender according to Canadian census information.
- The precision of Ipsos online polls is measured using a credibility interval. In this case, the results of the poll are considered accurate to within +/- 2.4 percentage points, 19 times out of 20, of what the results would be had all Canadian adults been polled.
- Credibility intervals are wider among subsets of the population.

FEDERAL POLITICS

FEDERAL VOTING INTENTIONS Liberal Lead Holds Steady

© 2017 lpsos Rv1a. Thinking of how you feel right now, if a FEDERAL election were held tomorrow, which of the following parties' candidates would you, yourself, be most likely to support? / Rv1b. Well, which party would you say you would lean towards?
