

Table of Contents

- 1 1. In your opinion, how important is it that provincial government officials are legally required to keep accurate and complete records of what they do on the job? (Duty to document)
- 2 2. BC's information and privacy law currently does not have penalties for interfering with information access rights. Many other Canadian jurisdictions do have such penalties. Should government officials who interfere with access to information rights face penalties?
- 3 3. BC's information and privacy law currently covers subsidiaries of municipal governments, but not those of school boards, colleges and universities. This means these education subsidiaries are not subject to freedom of information requests. How important do you think it is that these education subsidiaries be covered by Freedom of Information laws?
- 4 4. BC's new provincial government has made a number of commitments about changes they would make to BC's information and privacy law, but has yet to announce any new initiatives. How important do you think it is that the government bring in reforms to the information and privacy law before the next BC election?
