

## Table of Contents

### Table Description

<a href="#">1</a>	1. How familiar are you with the term Public-Private Partnership, or a P3 deal?
<a href="#">2</a>	2. In a typical P3 Project, a government contracts private companies to finance and build infrastructure projects (i.e. water treatment, nursing homes, hospitals, transportation infrastructure, etc), with the private-sector business then running the new infrastructure as a for-profit business. Are you aware of the federal government's plan to fund some of its future infrastructure projects using P3 deals?
<a href="#">3</a>	3. To what extent do you support or oppose the use of Public-Private Partnerships (P3s) in Canada to build, maintain and/or run infrastructure developments in Canada?
<a href="#">4</a>	4. Do you believe that P3s - from the building of the infrastructure to the operation of the infrastructure - cost the public more, cost the public less, or are no different than if the government were to fund, build and operate the infrastructure itself:
<a href="#">5</a>	5_1. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - The federal government is transparent about how much infrastructure projects built using P3 deals will cost taxpayers.
<a href="#">6</a>	5_2. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - I am aware of what infrastructure projects the government undertakes on its own, and which projects involve a P3 Partnership.
<a href="#">7</a>	5_3. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - I believe that P3s are in the best interests of Canadians.
<a href="#">8</a>	5_4. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - P3s give private companies and investors too much control over how public infrastructure dollars are spent.
<a href="#">9</a>	5_5. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - P3s use money more efficiently than infrastructure developments run solely by government.
<a href="#">10</a>	5_6. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - P3s add unnecessary costs to major infrastructure projects.
<a href="#">11</a>	5_7. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - P3s are short sighted - they may save on the building costs, but they ultimately cost Canadians more down the road because the government doesn't own the infrastructure.
<a href="#">12</a>	5_8. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - The government should use the P3 Partnership model to fund upcoming major infrastructure projects.
<a href="#">13</a>	5_9. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - When interest rates are low, the government should use its own money or borrowing/funding, not P3s, to fund Canadian infrastructure projects.
<a href="#">14</a>	5. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - Top 2 Box Summary
<a href="#">15</a>	5. To what extent do you agree or disagree with the following statements about Public-Private Partnerships (P3s) in Canada: - Bottom 2 Box Summary

---

6. The Auditor General of Ontario has recently found that P3 deals have cost the province nearly \$8 billion in extra costs versus what it would have cost had the Ontario government successfully built the projects itself. Knowing this, to what extent do you support or oppose the use of Public-Private Partnerships (P3s) to build, maintain and/or run infrastructure developments in Canada?

---

1. How familiar are you with the term Public-Private Partnership, or a P3 deal?

		Male	Female	18-34	35-54	55+	<HS	HS	Post Sec	Univ Grad	Top 2 Awareness	Bot 2 Awareness
		A	B	C	D	E	F	G	H	I	J	K
Base: All Respondents (unwtd)	1000	485	515	271	385	344	26	148	412	414	261	739
Base: All Respondents (wtd)	1000	480	520	281	400	318	74	419	326	181	196	804
I am aware of what infrastructure projects the government undertakes on its own, and which projects involve a P3 Partnership.	710	314	397	176	276	258	47	302	236	125	94	616
	71%	65%	76%	62%	69%	81%	63%	72%	72%	69%	48%	77%
			A			CD	**					J
The federal government is transparent about how much infrastructure projects built using P3 deals will cost taxpayers.	640	304	336	146	267	228	41	285	203	112	101	539
	64%	63%	65%	52%	67%	72%	55%	68%	62%	62%	52%	67%
					C	C	**					J
I believe that P3s are in the best interests of Canadians.	488	225	263	111	213	164	36	216	150	86	87	402
	49%	47%	51%	39%	53%	52%	49%	52%	46%	47%	44%	50%
					C	C	**					
P3s add unnecessary costs to major infrastructure projects.	409	200	209	116	165	128	21	174	134	79	80	329
	41%	42%	40%	41%	41%	40%	29%	42%	41%	44%	41%	41%
							**					
The government should use the P3 Partnership model to fund upcoming major infrastructure projects.	408	180	228	94	177	137	28	165	141	74	75	332
	41%	37%	44%	33%	44%	43%	38%	39%	43%	41%	38%	41%
					C		**					
P3s use money more efficiently than infrastructure developments run solely by government.	383	180	203	96	159	129	25	170	123	65	75	308
	38%	37%	39%	34%	40%	40%	34%	41%	38%	36%	38%	38%
							**					
P3s give private companies and investors too much control over how public infrastructure dollars are spent.	289	130	160	92	117	80	21	115	102	51	53	237
	29%	27%	31%	33%	29%	25%	28%	27%	31%	28%	27%	29%
							**					
P3s are short sighted - they may save on the building costs, but they ultimately cost Canadians more down the road because the	281	142	139	81	114	85	14	114	92	61	48	232
When interest rates are low, the government should use its own money or	28%	30%	27%	29%	29%	27%	18%	27%	28%	34%	25%	29%
							**					
borrowing/funding not P3s to fund Canadian	201	87	114	55	84	61	18	77	63	43	44	157

6. The Auditor General of Ontario has recently found that P3 deals have cost the province nearly \$8 billion in extra costs versus what it would have cost had the Ontario government successfully built the projects itself. Knowing this, to what extent do you support or oppose the use of Public-Private Partnerships (P3s) to build, maintain and/or run infrastructure developments in Canada?
