Fieldwork: 27th – 30th September 2019

Technical Details

Ipsos MORI interviewed a representative sample of 1,080 adults aged 18-75 across Great Britain. Interviews were conducted online: 27th – 30th September 2019. Data are weighted to match the profile of the population.

Where percentages do not sum to 100 this may be due to computer rounding, the exclusion of “don’t know” categories, or multiple answers. An asterisk (*) denotes any value of less than half a per cent.

Questions are asked of the total sample of n=1080 unless otherwise stated.
