Table: 83

3. How much do you agree or disagree with the following? - Top 2
Box Summary

| | Total |
|---|-------------|
| Unweighted Base | 1005 |
| Base | 1005 |
| In the face of the COVID-19 pandemic, Congress should mandate an emergency 3-year increase in foundation payout from 5 percent of assets to 10 percent –and require that donor-advised funds have a 10 percent payout to active charities – even if this reduces the overall amount of money in these foundations and DAFs into the future. | 727 |
| | 72% |
| Donor-advised charity funds (DAFs) should have a minimum annual payout and there should be greater transparency, even if it reduces the amount of money that will accumulate in these DAFs over time (and perhaps make DAFs less attractive to future philanthropists). | 795 |
| | 79% |
| U.S. Taxpayers should not have to subsidize wealthy Americans who wish to create permanent legacy foundations that will exist in perpetuity to give donations to charities of their choosing. | 808 |
| | 80% |
| Charitable foundations play an important role because they can act independent of the bureaucracy of government, make decision free of the politics of elected officials, can address gaps not addressed by governments, and can accumulate assets to help address fluctuations in the economy from year to year (like a `rainy day emergency fund`) and in perpetuity. | 809 |

3. How much do you agree or disagree with the following? -
Bottom 2 Box Summary

| | Total |
|---|-------------|
| | |
| Unweighted Base | 1005 |
| Base | 1005 |
| In the face of the COVID-19 pandemic, Congress should mandate an emergency 3-year increase in foundation payout from 5 percent of assets to 10 percent –and require that donor-advised funds have a 10 percent payout to active charities – even if this reduces the overall amount of money in these foundations and DAFs into the future. | 278 |
| | 28% |
| Donor-advised charity funds (DAFs) should have a minimum annual payout and there should be greater transparency, even if it reduces the amount of money that will accumulate in these DAFs over time (and perhaps make DAFs less attractive to future philanthropists). | 210 |
| | 21% |
| U.S. Taxpayers should not have to subsidize wealthy Americans who wish to create permanent legacy foundations that will exist in perpetuity to give donations to charities of their choosing. | 197 |
