Table 1
*ABE31 - The government has recently announced plans to introduce a smartphone app to identify people who have reported Coronavirus symptoms and alert others who have been near them. You may have heard this referred to as 'contact tracing'. The smartphone app could use mobile phone data, which would be anonymised.*
*Before now, how much did you know about government plans to use a smartphone app in this way?*

|---|---|---|---|---|---|
| ● | 1 | 1 | ABE31 - The government has recently announced plans to introduce a smartphone app to identify people who have reported Coronavirus symptoms and alert others who have been near them. You may have heard this referred to as 'contact tracing'. The smartphone app could use mobile phone data, which would be anonymised. Before now, how much did you know about government plans to use a smartphone app in this way? / Great deal/fair amount [NET] / Just a little/ heard of it [NET] / Never heard of it [NET] | BASE: ALL ADULTS AGED 18+ IN GREAT BRITAIN | 1983 |
