Table 169
ABE47 - In April 2020 the Government announced a £20 a week increase in Universal Credit and Working Tax Credit for families during the pandemic.
For a single Universal Credit claimant (aged 25 or over), this means the standard allowance has increased from around £318 to £410 per month.
This is the equivalent of increasing from around £73 to £94 per week. To what extent do you support or oppose this increase during the pandemic?

15 Dec 2020

Table 170
ABE47 - In April 2020 the Government announced a £20 a week increase in Universal Credit and Working Tax Credit for families during the pandemic.
For a single Universal Credit claimant (aged 25 or over), this means the standard allowance has increased from around £318 to £410 per month.
This is the equivalent of increasing from around £73 to £94 per week. To what extent do you support or oppose this increase during the pandemic?
