1	1. To what extent are you satisfied with the job the federal government is doing to secure COVID-19 vaccines for Canadians?
2	2_1. Prime Minister Justin Trudeau has recently said that, despite having tens of millions of COVID-19 vaccines on order with various pharmaceutical companies, since Canada doesn't have any domestic production for vaccines, Canadians may need to wait until countries with domestic vaccine production capabilities vaccinate their citizens first before Canada receives the doses it has ordered. To what extent do you agree or disagree with the following statements: - Canada needs to have its own vaccine production capabilities
3	2_2. Prime Minister Justin Trudeau has recently said that, despite having tens of millions of COVID-19 vaccines on order with various pharmaceutical companies, since Canada doesn't have any domestic production for vaccines, Canadians may need to wait until countries with domestic vaccine production capabilities vaccinate their citizens first before Canada receives the doses it has ordered. To what extent do you agree or disagree with the following statements: - It is perfectly reasonable that countries with vaccine production capabilities will vaccinate
4	2_3. Prime Minister Justin Trudeau has recently said that, despite having tens of millions of COVID-19 vaccines on order with various pharmaceutical companies, since Canada doesn't have any domestic production for vaccines, Canadians may need to wait until countries with domestic vaccine production capabilities vaccinate their citizens first before Canada receives the doses it has ordered. To what extent do you agree or disagree with the following statements: - Canada could be doing more to secure a vaccine for Canada sooner

Prime Minister Justin Trudeau has recently said that, despite having tens of millions of COVID-19 vaccines on order with various pharmaceutical companies, since Canada doesn't have any domestic production for vaccines, Canadians may need to wait until countries with domestic vaccine production capabilities vaccinate their citizens first before Canada receives the doses it has ordered. To what extent do you agree or disagree with the following statements: - Bottom 2 Box Summary
10	GENDER
11	AGE
12	EDUCATION
13	REGION
14	INCOME
15	HOUSEHOLD COMPOSITION
16	HHCMP1. How many people are living or staying at your current address?
17	EMPLOYMENT STATUS
18	USMAR2. What is your marital status?
19	PGS01. How much of your household's grocery shopping do you, yourself, do?
20	CAPOPGRP. Are you
21	CA01POPCONSENT. The next questions will be about how you identify as part of different population groups. A ""Prefer not to answer"" option is available for you to select, at your discretion. Collecting such information enables us to provide a more refined research analysis. Participation is always voluntary, and your responses are used for research purposes only, combined with the answers from all other participants. We will provide our client only anonymous, aggregated results. The data will be held for no longer than 12 months. Do you accept the collection of data related to how you identify as part of different population groups?
22	CA01IND. Are you an Indigenous person, that is, First Nations (North American Indian), Métis or Inuk (Inuit)? If ""Yes"", choose the option(s) that best describe(s) you. First Nations (North American Indian) includes both Status and Non-Status Indians.
23	CA02VISMIN. Are you: Mark more than one option or specify, if applicable.

1. To what extent are you satisfied with the job the federal government is doing to secure COVID-19 vaccines for Canadians?

2_6. Prime Minister Justin Trudeau has recently said that, despite having tens of millions of COVID-19 vaccines on order with various pharmaceutical companies, since Canada doesn't have any domestic production for vaccines, Canadians may need to wait until countries with domestic vaccine production capabilities vaccinate their citizens first before Canada receives the doses it has ordered. To what extent do you agree or disagree with the following statements: - The Federal and Provincial Governments need to start planning today to make sure that Canada is prepared for the next pandemic by ensuring we have companies in Canada who make PPEs, medical equipment and vaccines

CA01POPCONSENT. The next questions will be about how you identify as part of different population groups. A ""Prefer not to answer"" option is available for you to select, at your discretion. Collecting such information enables us to provide a more refined research analysis. Participation is always voluntary, and your responses are used for research purposes only, combined with the answers from all other participants. We will provide our client only anonymous, aggregated results. The data will be held for no longer than 12 months. Do you accept the collection of data related to how you identify as part of different population groups?
