Q315. To what extent do you agree or disagree with the following statements? - SUMMARY TABLE

Base: All participants

	I would be worried about getting on a plane unless I knew that everyone else on it had a vaccine passport	I would be worried about going to a pub or restaurant unless I knew that everyone else in there had a vaccine passport	Vaccine passports are critical to allow businesses to open their doors to the public safely and get the economy up and running	Vaccine passports are a good alternative to national or local lockdowns for reducing the spread of the virus	Vaccine passports should be introduced to encourage people to have the vaccine	Vaccine passports would be unfair because they will put pressure on people to have the vaccine even if they don't want to have it	Vaccine passports are an infringement on our personal freedoms	Vaccine passports will lead to an unequal society by restricting what people who haven't received the vaccine can do	Vaccine passports are not worth introducing because the virus will keep mutating	I would be more likely to purchase a ticket to a large public event if I knew that I, along with everyone else, had a vaccine passport	I would be more likely to choose a care home for an elderly relative where all staff had vaccine passports over a care home where only most staff had been vaccinated	I would be more likely to employ a plumber who had a vaccine passport over a plumber who had not been vaccinated

Q338B. There are different points of view about whether vaccine passports should be introduced because of the potential benefits to the economy, or whether there are too many ethical and legal concerns about them. Overall, which of the following statements is closest your view? A. The potential benefits to the economy of vaccine passports outweigh any ethical and legal concerns about them. B. The ethical and legal concerns about vaccine passports outweigh any potential benefits for the economy

Base: All participants asked after Q317

Fieldwork dates: 18th March - 26th March 2021
Respondent type: KnowledgePanel Members
Source: Iqas MORI (JN J21-001137-01)
Filename: J21-001137_WAVE10_VAC2_wtd_v2_PublicUse
Proportions/Mean: Columns Tested (5% risk level) - $x/a/b/c/d/e/f/g/h/i/j/k/l/m - x/n/a/p/q/r - x/t/u/v/w/x$
Overlap formulas used: * small bias; ** very small bias (under 30) negligible for sig testing

Fieldwork dates: 18th March - 24th March 2021

Respondent type: KnowledgePanel Member

Source: Ipsos MORI (JN J21-001137-01)
Filename: 21-001137_WAVE10_VAC2_y

Proportions/Mean: Columns Tested (5% risk level) - $\chi^2/a/h/c/d/e/f$ - $\chi^2/g/h/i/j/k/l/m$ - $\chi^2/n/o/p/q/r$ - $\chi^2/s/t/u/v/w/x$

Overlap formulae used. * small base; ** very small base (under 20) ineligible for sig testing

Q35A16. There are different points of view about whether vaccine passports should be introduced because of the potential benefits to the economy, or whether there are too many ethical and legal concerns about them. Overall, which of the following statements is closest your view? A. The potential benefits to the economy of vaccine passports outweigh any ethical and legal concerns about them B. The ethical and legal concerns about vaccine passports outweigh any potential benefits to the economy

Information dates: 18th March - 20th March 2021
Respondent type: KnowledgePanel Members
Source: Ipsos MORI (UK 2010-2021)
Filename: 21-081127_WAVE10_VACC_and_of_PublicUse
Preparation/Source: Catapult Team (for risk-mitig.)
Overlaid formulas used: "small base," "very small base (under 50) ineligible for sig testing"

Bases: All participants

Workload dates: 18th March - 24th March 2021
Respondent type: KnowledgePanel Members
Source: Ipsos MORI (JN J21-001137-01)
Filename: J21-001137_WAVE10_VAC2_mfbs_v2_PublicUse
Proportions/Means: Columns Tested (5% risk level): $\chi^2/n/\chi^2/d$ - $\chi^2/n/\chi^2/d$ - $\chi^2/n/\chi^2/d$ - $\chi^2/n/\chi^2/d$ - $\chi^2/n/\chi^2/d$
Overlap formulae used. * small base; ** very small base (under 20) ineligible for sig testing

the passports out-

Fieldwork dates: 18th March - 26th March 2021
Respondent type: KnowledgePanel Members
Source: Ipsos MORI (JN 321-061137-01)
Filename: 21-061137_WAVE10_VAC2_wtd_v2_PublicUse
Proportions/Mean: Columns Tested (5% risk level) - $z/\alpha/2$ - $z/2$ - $z/4$ - $z/6$ - $z/8$ - $z/10$ - $z/12$ - $z/14$ - $z/16$ - $z/18$ - $z/20$
Overlap formulae used. * small base, ** very small base (under 30) ineligible for sig testing

Respondent type: KnowledgePanel Members

Source: Ipsos MORI (JN J21-001137-01)

Filename : 21-001137_WAVE10_VAC2_wtd_v2_PublicUse

Proportions/Mean: Columns Tested (5% risk level) - $\chi^2/a/b - \chi^2/c/d, \chi^2/t/g, \chi^2/h/i, \chi^2/j/k, \chi^2/l/w, \chi^2/o -$
 Ordinal formulas used: * small base; ** very small base (under 50) ineligible for six testing

Base: All participants
