

Ipsos MORI Coronavirus polling

March 2021

Video call etiquette: What's acceptable on a work video call?

Since the Coronavirus outbreak people have been using video-calling platforms more to communicate where meeting face-to-face is no longer possible (i.e. communicating via Zoom, Microsoft Teams, Google Hangout, Facetime, Skype).

Thinking about people who have been using video-calling as part of the job (i.e. to talk to colleagues, clients, service users), how acceptable or unacceptable do you think it is for someone to do each of the following as part of a work-based video call...?

Base: 1,083 Online British adults 18-75, 22-25 January 2021.
