

IPHA/IPSOS MRBI COVID-19 VACCINE TRACKER

A general public survey of attitudes and opinions towards a COVID-19 vaccine

WHEN A VACCINE BECOMES AVAILABLE TO YOU PERSONALLY, WILL YOU TAKE IT?

NATIONAL 14-DAY INCIDENCE OF CONFIRMED COVID-19 CASES PER 100,000 POPULATION (During Survey Fieldwork)

DEMOGRAPHIC BREAKDOWN (June 2021)

	Total	Gender		Age						Region				Social Class	
		Male	Female	18-24	25-34	35-44	45-54	55-64	65+	Dublin	Rest of Leinster	Munster	Conn/ Ulster	ABC1	C2DE
		%	%	%	%	%	%	%	%	%	%	%	%	%	%
YES	34	38	30	65	65	53	17	10	3	41	38	28	27	44	25
UNSURE	4	5	4	11	7	6	3	1	0	3	5	4	6	3	6
NO	6	5	7	5	13	9	5	4	1	6	6	5	9	6	8
ALREADY HAD A VACCINE	55	52	59	19	15	32	76	85	95	50	52	63	58	48	62

Results for each sub-group are shown in the corresponding column, e.g. among those aged 45-54 surveyed, 17% said yes, 3% said they were unsure, 5% said no and 76% said they already had a vaccine. Where percentages do not add up to 100%, this is due to statistical rounding.
