

Ipsos MORI Vaccinating young people

June 2021

Support for vaccinating young people

To what extent, if at all, would you support or oppose each of the following?

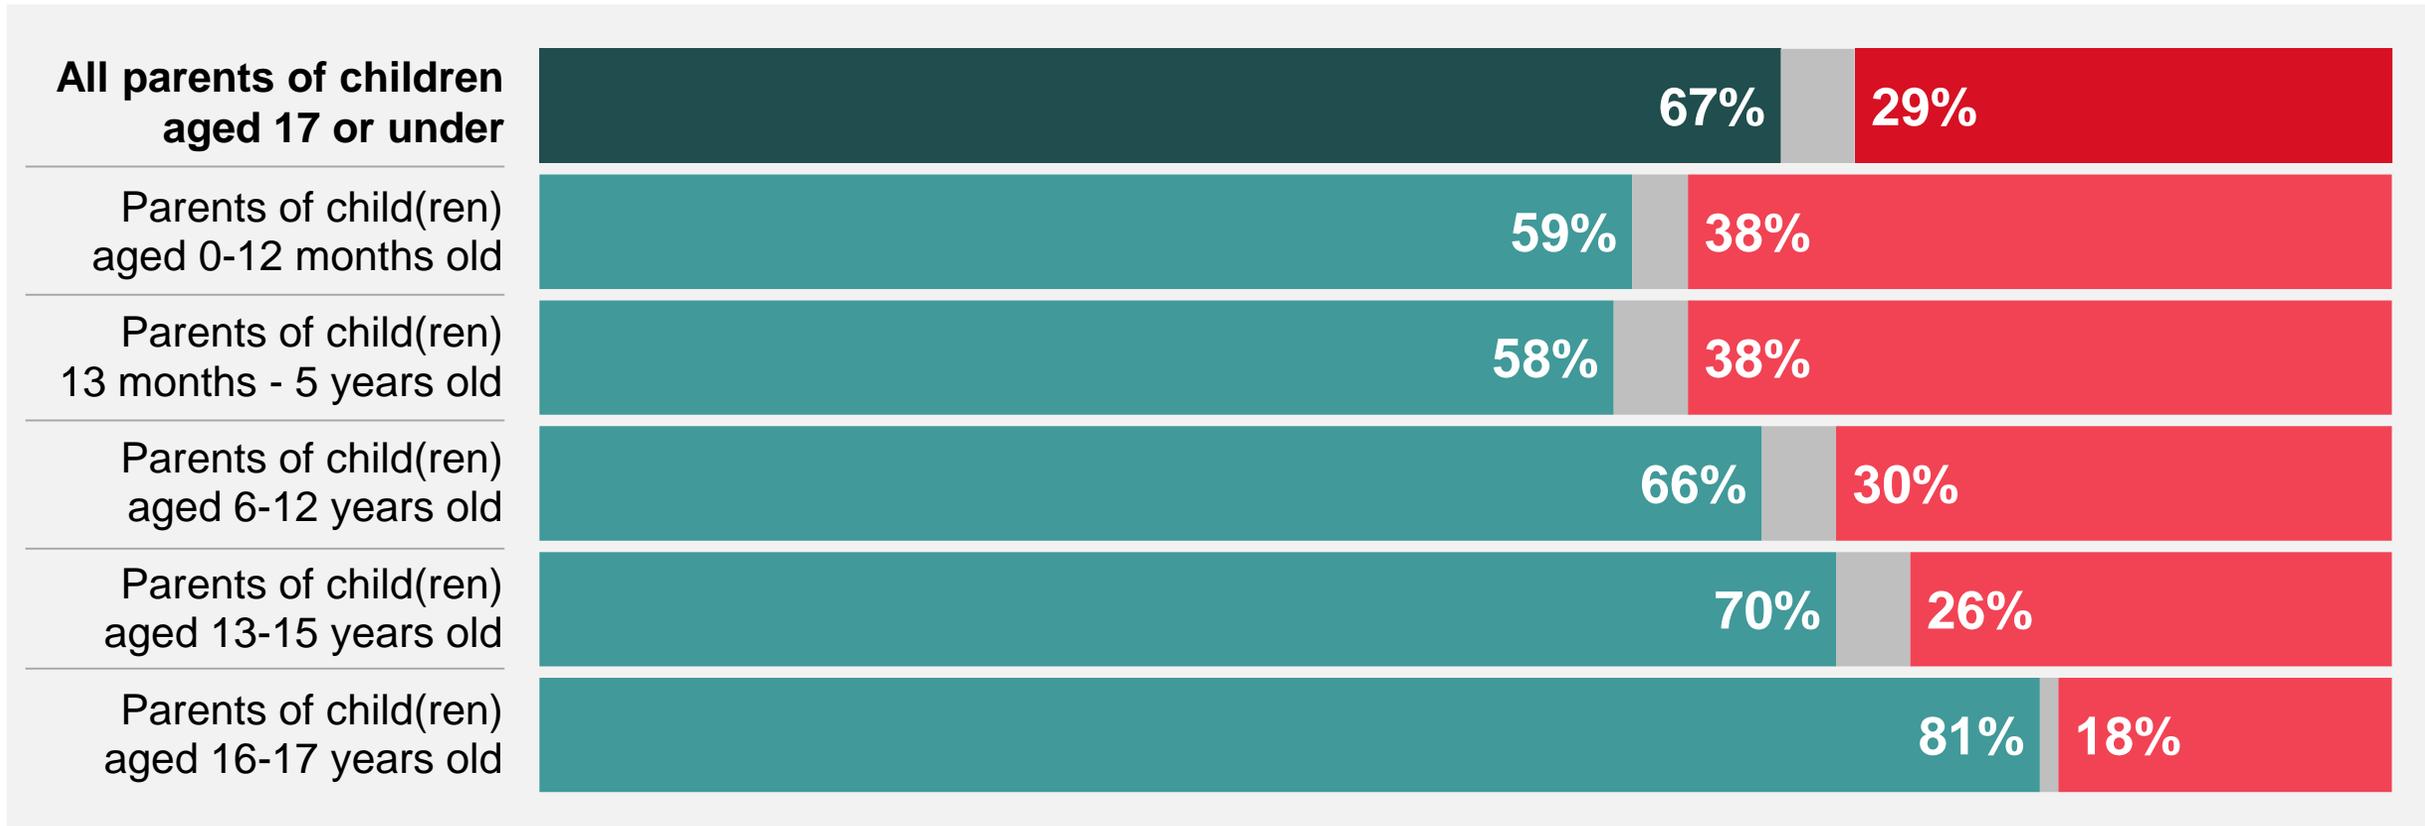

Base: 8,206 UK adults aged 16+ through the UK KnowledgePanel, 10-16 June 2021.

Would parents get their children vaccinated against COVID-19?

If a COVID-19 vaccine was made available to those aged 17 or under, how likely or unlikely would you be to get your child(ren) to take the vaccine?

Certain/very or fairly likely

Not very or at all likely/definitely not

Base: 2,014 UK adults aged 16+ who are parents/guardians to someone aged 17 or under, including those with children aged 0-12 months (148), 13 months – 5 years (563), 6-12 years old (1,034), 13-15 years old (625), 16-17 years old (473), 10-16 June 2021.

Would parents get their children vaccinated against COVID-19?

If a COVID-19 vaccine was made available to those aged 17 or under, how likely or unlikely would you be to get your child(ren) to take the vaccine?

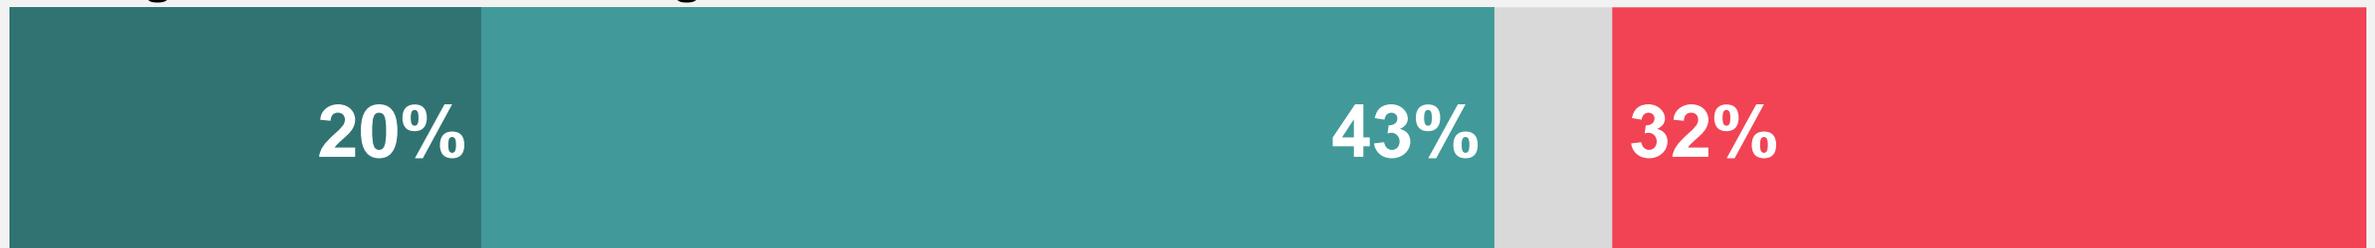

Certain to get them vaccinated **Very or fairly likely** **Not very or at all likely/definitely not**

Among fathers to children aged 17 or under

Total certain/likely: 70%

Among mothers to children aged 17 or under

Total certain/likely: 63%

Base: 2,014 UK adults aged 16+ who are parents/guardians to someone aged 17 or under, including fathers (930) and mothers (1,072) 10-16 June 2021.

Would parents get their children vaccinated against COVID-19?

If a COVID-19 vaccine was made available to those aged 17 or under, how likely or unlikely would you be to get your child(ren) to take the vaccine?

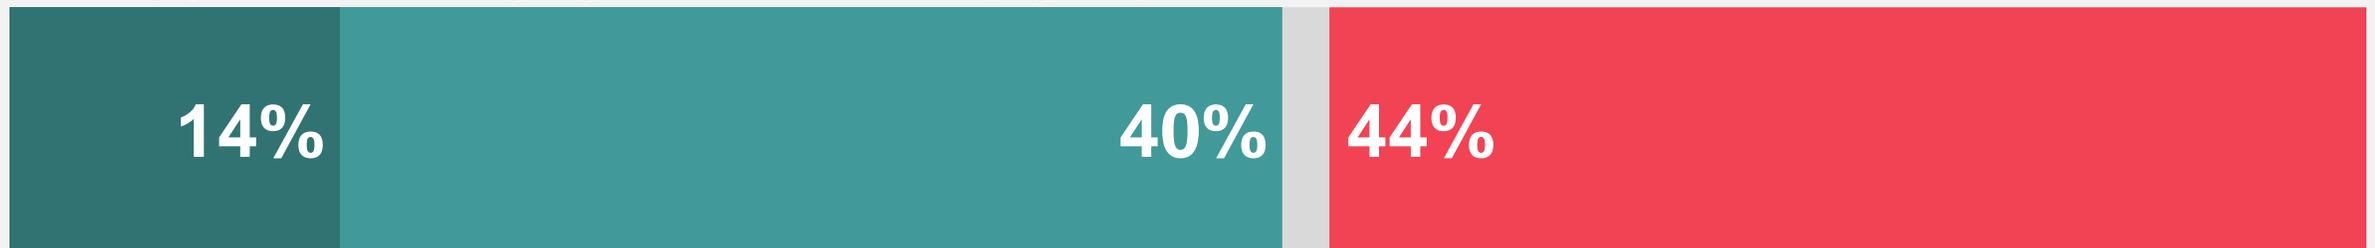

Certain to get them vaccinated **Very or fairly likely** **Not very or at all likely/definitely not**

Among parents belonging to white ethnic groups

Total certain/likely: 70%

Among parents belonging to ethnic minority groups

Total certain/likely: 54%

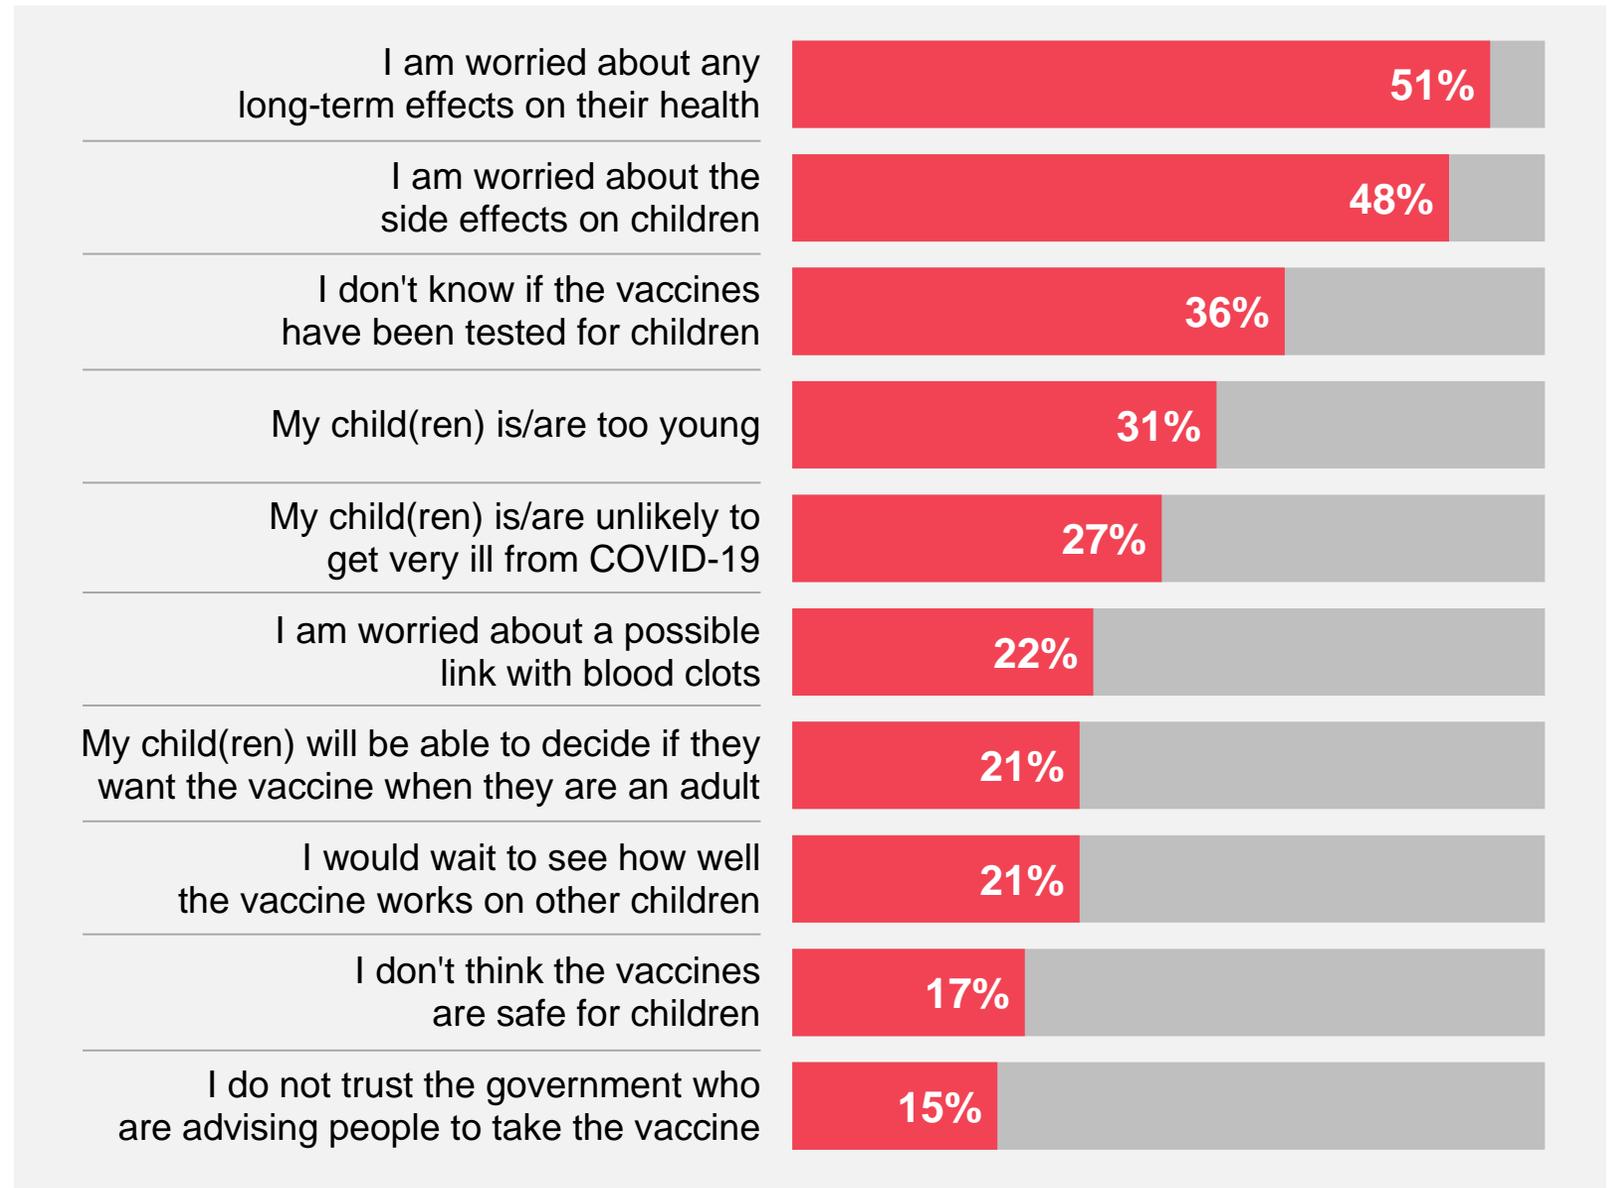

Base: 2,014 UK adults aged 16+ who are parents/guardians to someone aged 17 or under, including fathers (930) and mothers (1,072) 10-16 June 2021.

Why would you not get your children vaccinated?

Which, if any, of the following reasons explain why you would not get your child(ren) to take the vaccine?

Among parents of children aged 17 or under who said they wouldn't get their children vaccinated

This chart shows the top ten reasons why parents would not vaccinate their children. For a full list visit the Ipsos MORI website.

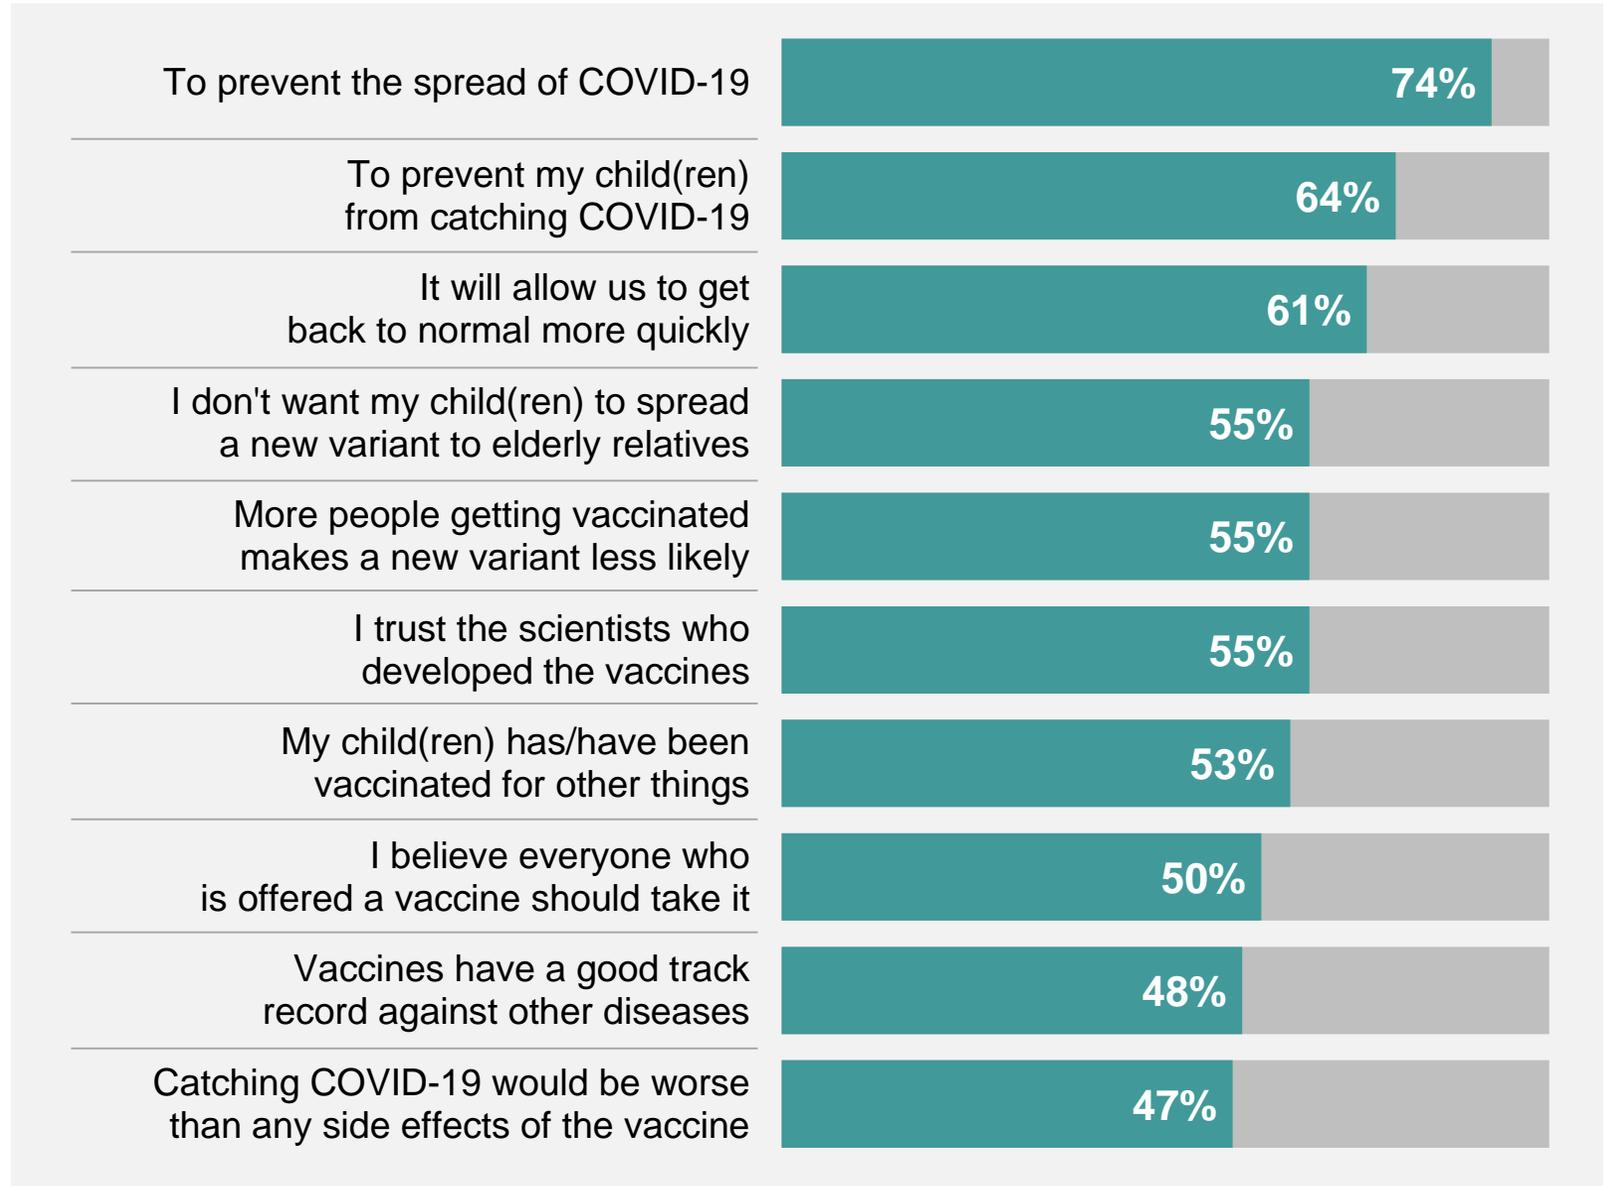

Base: 481 UK adults aged 16+ who are parents/guardians to someone aged 17 or under who said they would not get their children vaccinated 10-16 June 2021.
