

## Ipsos MORI July 2021 Political Monitor Topline Results

13<sup>th</sup> July 2021

Fieldwork: 2<sup>nd</sup> – 8<sup>th</sup> July 2021

### Technical Details

Ipsos MORI interviewed a representative sample of 1,053 adults aged 18+ across Great Britain. Interviews were conducted by telephone: 2<sup>th</sup> – 8<sup>th</sup> July 2021. Data are weighted to match the profile of the population.

Where percentages do not sum to 100 this may be due to computer rounding, the exclusion of “don’t know” categories, or multiple answers. An asterisk (\*) denotes any value of less than half a per cent. Voting intention figures exclude those who say they would not vote, are undecided or refuse to name a party and in the headline figures, are filtered as discussed below. Data are based on all adults unless otherwise stated
