

Ipsos Concerns for the rest of 2022

June 2022

One in three are finding it harder to stay positive day-to-day compared with the start of the year

At the moment, are you finding each of the following easier, harder, or about the same compared with the start of this year? **Staying positive day-to-day**

Much/a little harder **About right** **Much/a little easier**

Among all

Among men

Among women

Base: 1,084 Online British adults aged 18-75, 27-29 May 2022. Including men (532) and women (547)

Over two in five are finding it harder to stay positive about the future, including the half of women

At the moment, are you finding each of the following easier, harder, or about the same compared with the start of this year? **Staying positive about the future**

Much/a little harder **About right** **Much/a little easier**

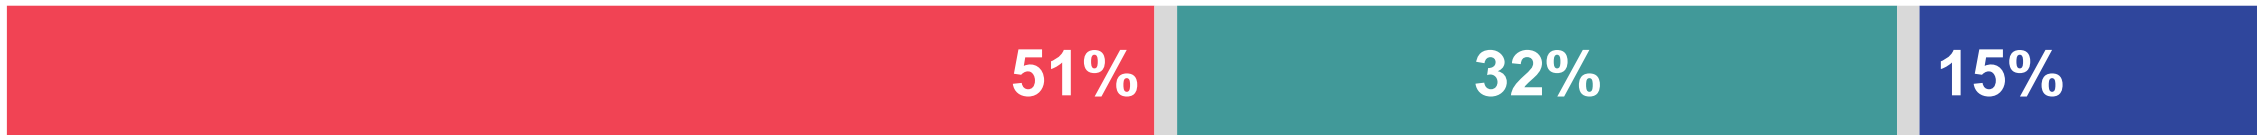

Among all

Among men

Among women

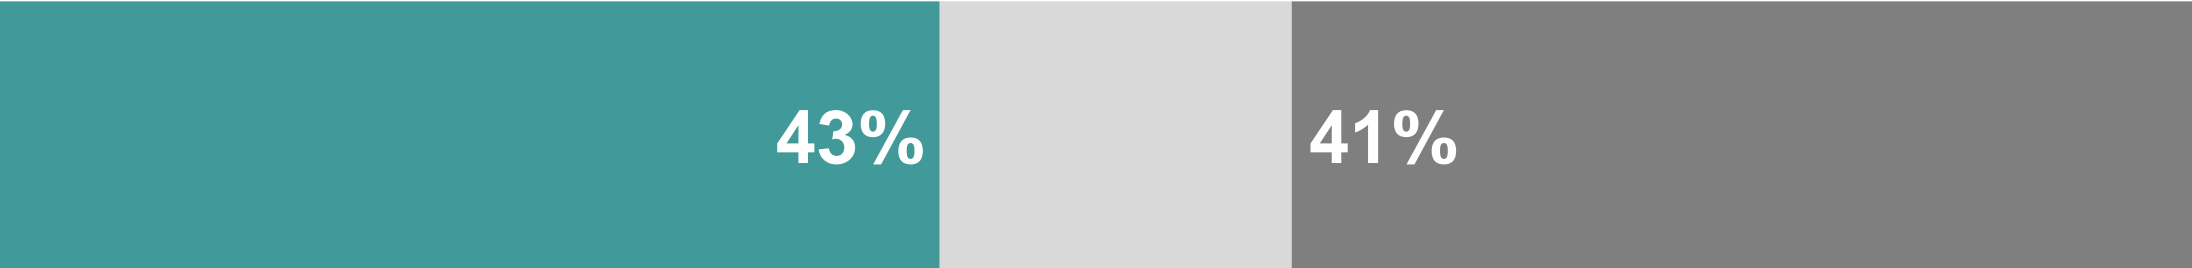

Base: 1,084 Online British adults aged 18-75, 27-29 May 2022. Including men (532) and women (547)

Two in five expect another global pandemic this year caused by a new virus

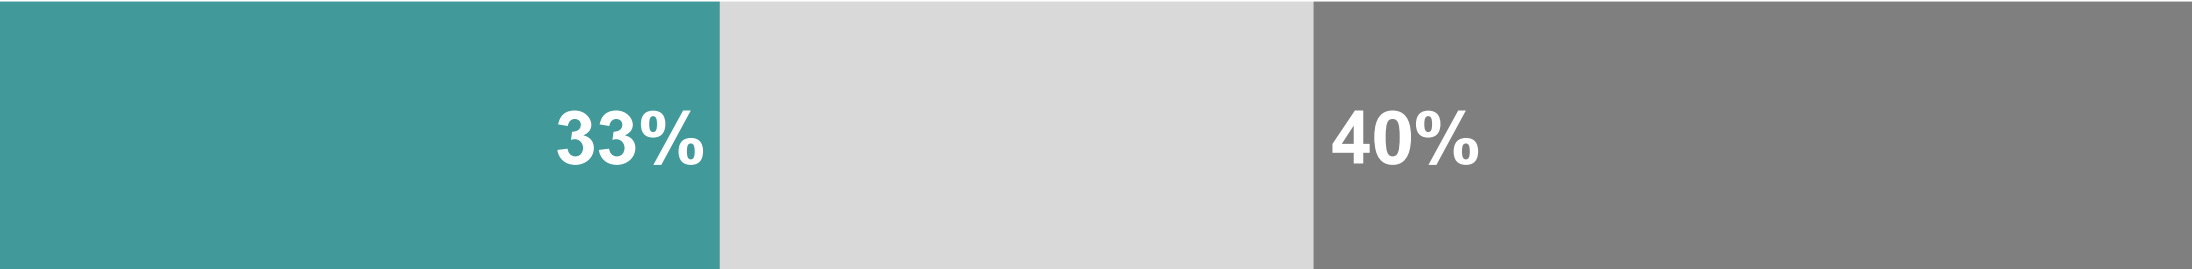

Now for some questions about what you think might happen in the rest of 2022. How likely or unlikely do you think it is that there will be a new global pandemic caused by a new virus?

May 2022

November 2020

Base: 1,084 Online British adults aged 18-75, 27-29 May 2022.

More Britons are concerned about the economy than Coronavirus or Monkeypox

Thinking about the rest of this year, how concerned, if at all, are you about the possibility of each of the following happening in the UK?

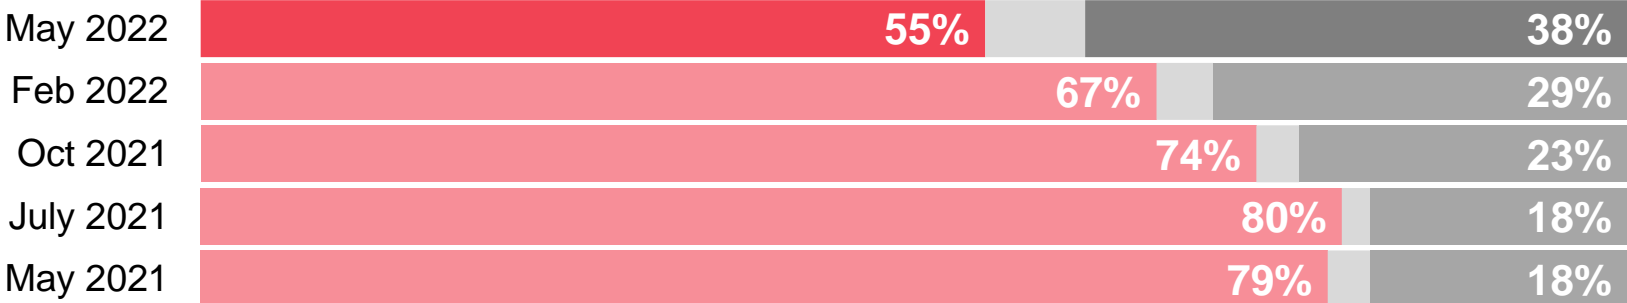

Very/fairly concerned

Not very/not at all concerned

The economy going into recession

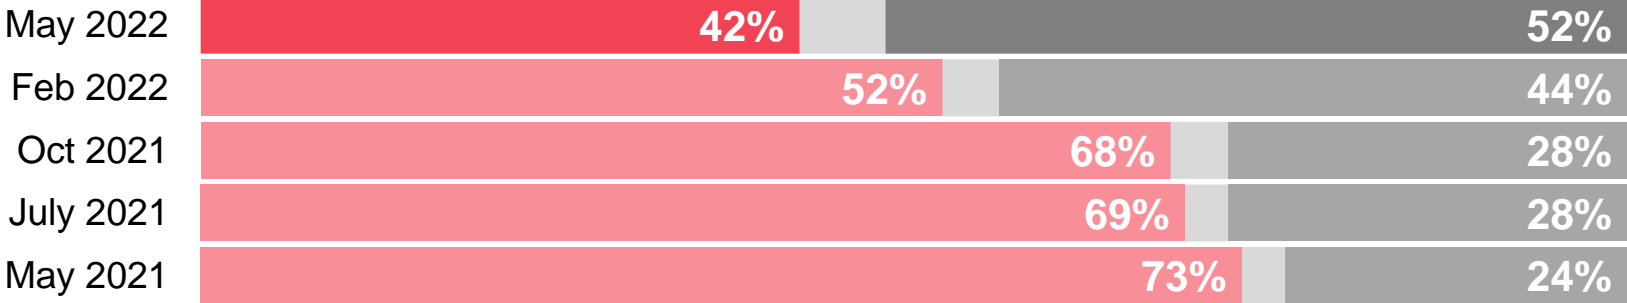

The spread of a new variant of the Coronavirus which is resistant to vaccines

The spread of the monkeypox virus

Another lockdown being introduced due to a rising number of Coronavirus cases

Base: 1,084 Online British adults 27-29 May 2022
