

## TOPLINE & METHODOLOGY

### ABC News/Ipsos Poll

Conducted by Ipsos using the probability-based KnowledgePanel®  
**A survey of the American general population (ages 18+)**  
Interview dates: June 17 to June 18, 2022

Number of interviews, adults: 545

Margin of error for the total sample: +/- 4.5 percentage points at the 95% confidence level

NOTE: All results show percentages among all respondents, unless otherwise labeled. Reduced bases are unweighted values.

NOTE: \* = less than 0.5%, - = no respondents

#### Annotated Questionnaire:

1. How closely have you been following the hearings of the House Select Committee to Investigate the January 6th Attack on the United States Capitol?

	Total
Very closely	9
Somewhat closely	24
Not so closely	30
Not closely at all	36
Skipped	1
<i>Very/somewhat closely (Net)</i>	<i>34</i>
<i>Not so closely/not closely at all (Net)</i>	<i>66</i>

2. Do you think the House Select Committee to Investigate the January 6th Attack is or is not conducting a fair and impartial investigation?

	Total
Is conducting a fair and impartial investigation	60
Is not conducting a fair and impartial investigation	38
Skipped	2

## TOPLINE & METHODOLOGY

3. Based on what you have read, seen, or heard about the hearings of the House Select Committee to Investigate the January 6th Attack, has it made you:

	<b>Total</b>
More likely to support Democratic candidates in this November's election	29
More likely to support Republican candidates in this November's election	19
It has made no difference	51
Skipped	1

4. How much responsibility do you think Donald Trump bears for the attack on the U.S. Capitol:

	<b>Total</b>	<b>December 27-29, 2021 (N=982)</b>
A great deal	46	42
A good amount	12	16
Just some	17	16
None at all	24	25
Skipped	1	1
<i>A great deal/a good amount (Net)</i>	58	58
<i>Just some/none at all (Net)</i>	41	41

5. As you may know, Donald Trump encouraged his supporters to march to the U.S. Capitol on January 6th, where the riot followed. Do you think Trump should be charged with a crime for his role in this incident, or do you think he should not be charged?

	<b>Total</b>
Trump should be charged with a crime	58
Trump should not be charged with a crime	40
Skipped	2

## TOPLINE & METHODOLOGY

### About the Study

This ABC News/Ipsos poll was conducted June 17 to June 18, 2022, by Ipsos using the probability-based KnowledgePanel®. This poll is based on a nationally representative probability sample of 545 adults age 18 or older.

The survey was conducted using KnowledgePanel, the largest and most well-established online probability-based panel that is representative of the adult US population. Our recruitment process employs a scientifically developed addressed-based sampling methodology using the latest Delivery Sequence File of the USPS – a database with full coverage of all delivery points in the US. Households invited to join the panel are randomly selected from all available households in the U.S. Persons in the sampled households are invited to join and participate in the panel. Those selected who do not already have internet access are provided a tablet and internet connection at no cost to the panel member. Those who join the panel and who are selected to participate in a survey are sent a unique password-protected log-in used to complete surveys online. As a result of our recruitment and sampling methodologies, samples from KnowledgePanel cover all households regardless of their phone or internet status and findings can be reported with a margin of sampling error and projected to the general population.

The study was conducted in both English and Spanish. The data were weighted to adjust for gender by age, race/ethnicity, education, Census region, metropolitan status, household income, and party identification. The demographic benchmarks came from 2021 Current Population Survey (CPS) from the US Census Bureau. Party ID benchmarks are from recent ABC News/Washington Post telephone polls. The weighting categories were as follows:

- Gender (Male, Female) by Age (18–29, 30–44, 45–59, and 60+)
- Race/Hispanic Ethnicity (White Non-Hispanic, Black Non-Hispanic, Other or 2+ Races Non-Hispanic, Hispanic)
- Education (High School graduate or less, Some College, Bachelor and beyond)
- Census Region (Northeast, Midwest, South, West)
- Metropolitan status (Metro, non-Metro)
- Household Income (Under \$25,000, \$25,000-\$49,999, \$50,000-\$74,999, \$75,000-\$99,999, \$100,000-\$149,999, \$150,000+)
- Party ID (Democrat, Republican, Independent, Something else)

The margin of sampling error is plus or minus 4.5 percentage points at the 95% confidence level, for results based on the entire sample of adults. The margin of sampling error takes into account the design effect, which was 1.17. The margin of sampling error is higher and varies for results based on sub-samples. Sampling error is only one potential source of error. There may be other unmeasured non-sampling error in this or any poll. In our reporting of the findings, percentage points are rounded off to the nearest whole number. As a result, percentages in a given table column may total slightly higher or lower than 100%. In questions that permit multiple responses, columns may total substantially more than 100%, depending on the number of different responses offered by each respondent.
