

TOPLINE & METHODOLOGY

ABC News/Ipsos Poll

Conducted by Ipsos using the probability-based KnowledgePanel®
A survey of the American general population (ages 18+)
Interview dates: October 13-14, 2023

Number of interviews, adults: 518

Margin of error for the total sample: +/- 4.5 percentage points at the 95% confidence level

NOTE: All results show percentages among all respondents, unless otherwise labeled. Reduced bases are unweighted values.

NOTE: * = less than 0.5%, - = no respondents

Annotated Questionnaire:

1. Do you approve or disapprove of the way Joe Biden is handling:

| The economy | <u>Approve</u> | <u>Disapprove</u> | <u>Skipped</u> |
|----------------------------|----------------|-------------------|----------------|
| October 13-14, 2023 | 36 | 61 | 3 |
| January 20-21, 2023 | 38 | 60 | 1 |
| August 5-6, 2022 | 37 | 62 | 2 |
| June 3-4, 2022 | 37 | 61 | 2 |
| April 8-9, 2022 | 40 | 59 | 1 |
| March 11-12, 2022 | 41 | 58 | 2 |
| January 28-29, 2022 | 42 | 56 | 2 |
| December 10-11, 2021 | 41 | 57 | 2 |
| October 29-30, 2021 | 47 | 53 | 1 |
| September 24-28, 2021 | 51 | 48 | 1 |
| August 27-28, 2021 | 55 | 41 | 3 |
| July 23-24, 2021 | 53 | 46 | 1 |
| March 26-27, 2021 | 60 | 38 | 2 |

*Note: Prior to the January 20-21 poll the wording read "The economic recovery"

| | <u>Does</u> | <u>Does not</u> | <u>Skipped</u> |
|------------------------------------|-------------|-----------------|----------------|
| Fight terrorism in the Middle East | | | |
| October 13-14, 2023 | 55 | 41 | 4 |

TOPLINE & METHODOLOGY

About the Study

This ABC News/Ipsos poll was conducted October 13 to 14, 2023, by Ipsos using the probability-based KnowledgePanel®. This poll is based on a nationally representative probability sample of 518 adults age 18 or older. One respondent was removed from the final data for refusing all of the survey items.

The survey was conducted using KnowledgePanel, the largest and most well-established online probability-based panel that is representative of the adult U.S. population. Our recruitment process employs a scientifically developed addressed-based sampling methodology using the latest Delivery Sequence File of the USPS – a database with full coverage of all delivery points in the U.S. Households invited to join the panel are randomly selected from all available households in the U.S. Persons in the sampled households are invited to join and participate in the panel. Those selected who do not already have internet access are provided a tablet and internet connection at no cost to the panel member. Those who join the panel and who are selected to participate in a survey are sent a unique password-protected log-in used to complete surveys online. As a result of our recruitment and sampling methodologies, samples from KnowledgePanel cover all households regardless of their phone or internet status and findings can be reported with a margin of sampling error and projected to the general population. KnowledgePanel members receive a per survey incentive, usually the equivalent of \$1 (though for some it is \$2) in points, that can be redeemed for cash or prizes. No prenotification email for this study was sent prior to field. Panelists receive a unique login to the survey and are only able to complete it one time. One reminder emails was sent for this study.

The study was conducted in both English and Spanish. The data were weighted to adjust for gender by age, race/ethnicity, education, Census region, metropolitan status, household income, and party identification. The demographic benchmarks came from 2022 Current Population Survey (CPS) from the US Census Bureau. Party ID benchmarks are from recent ABC News/Washington Post telephone polls. The weighting categories were as follows:

- Gender (Male, Female) by Age (18–29, 30–44, 45–59, and 60+)
- Race/Hispanic Ethnicity (White Non-Hispanic, Black Non-Hispanic, Other or 2+ Races Non-Hispanic, Hispanic)
- Education (High School graduate or less, Some College, Bachelor and beyond)
- Census Region (Northeast, Midwest, South, West)
- Metropolitan status (Metro, non-Metro)
- Household Income (Under \$25,000, \$25,000-\$49,999, \$50,000-\$74,999, \$75,000-\$99,999, \$100,000-\$149,999, \$150,000+)
- Party ID (Democrat, Republican, Independent, Something else)

TOPLINE & METHODOLOGY

The margin of sampling error is plus or minus 4.5 percentage points at the 95% confidence level, for results based on the entire sample of adults. The margin of sampling error takes into account the design effect, which was 1.11. The margin of sampling error is higher and varies for results based on sub-samples. Sampling error is only one potential source of error. There may be other unmeasured non-sampling error in this or any poll. In our reporting of the findings, percentage points are rounded off to the nearest whole number. As a result, percentages in a given table column may total slightly higher or lower than 100%. In questions that permit multiple responses, columns may total substantially more than 100%, depending on the number of different responses offered by each respondent.
