1 Aug 2024
Table 130

Q601. Many experts argue that it is becoming more expensive to fund the NHS because of increasing costs of treatments, an ageing population and several other factors. This means that even in order to maintain the current level of care and services provided for free by the NHS, spending on the NHS would have to increase. With that in mind, if a Labour/Conservative government was elected at the next election which, if any, of the following would you most like to see? -SUMMARY TABLE
Base: All respondents

	Asked about Labour (a)	Asked about Conservative (b)
Unweighted Total	1072	1064
Weighted Total	1080	1056
Increase taxes in order to maintain the level of spending needed to keep the current level of care and services provided by the NHS	487 *45%*	447 *42%*
Reduce spending on other services such as education and welfare, in order to maintain the level of spending needed to keep the current level of care and services provided by the NHS	126 *12%*	126 *12%*
Reduce the level of care and services provided by the NHS so that you do not need to increase the current level of taxation and spending on the NHS	71 *7%*	90 *9%*
None of these	332 *31%*	341 *32%*
Don't know	65 *6%*	52 *5%*

Q601. Many experts argue that it is becoming more expensive to fund the NHS because of increasing costs of treatments, an ageing population and several other factors. This means that even in order to maintain the current level of care and services provided for free by the NHS, spending on the NHS would have to increase. With that in mind, if a Labour government was elected at the next election which, if any, of the following would you most like to see?

Base: All who were asked about a Labour government

Q601. Many experts argue that it is becoming more expensive to fund the NHS because of increasing costs of treatments, an ageing population and several other factors. This means that even in order to maintain the current level of care and services provided for free by the NHS, spending on the NHS would have to increase. With that in mind, if a Conservative government was elected at the next election which, if any, of the following would you most like to see?

Table 145

Q602. Which of the following statements comes closest to your view of how the NHS should address the current NHS staff shortages?
-A. The NHS should focus on recruiting qualified healthcare professionals from overseas to work in the NHS, who would be able to start working in the NHS more quickly
-B. The NHS should focus on training new healthcare professionals in the UK, even if it takes more time for them to be trained and start working in the NHS
