

TOPLINE & METHODOLOGY

Reuters/Ipsos Poll on Liberation Day Tariffs

Conducted by Ipsos using KnowledgePanel®
A survey of the American general population (ages 18+)

Interview dates: April 4-6, 2025

Number of interviews: 1,027

Number of Republican interviews: 268

Number of Democrat interviews: 337

Number of independent interviews: 321

Margin of error: +/- 3.2 percentage points at the 95% confidence level for all respondents

Margin of error: +/- 6.2 percentage points at the 95% confidence level for Republican respondents

Margin of error: +/- 5.6 percentage points at the 95% confidence level for Democrat respondents

Margin of error: +/- 5.8 percentage points at the 95% confidence level for independent respondents

NOTE: All results show percentages among all respondents, unless otherwise labeled. Reduced bases are unweighted values.

NOTE: * = less than 0.5%, - = no respondents, N/A = not applicable

Annotated Questionnaire:

Q1. How familiar, if at all, are you with President Donald Trump's recent announcement of tariffs of at least 10% across all U.S. trading partners?

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
Very familiar	39%	36%	51%	38%
Somewhat familiar	42%	52%	37%	42%
Not very familiar	11%	8%	9%	13%
Not at all familiar	7%	4%	3%	7%
Skipped	*	-	-	-
<i>Familiar (Net)</i>	<i>82%</i>	<i>88%</i>	<i>87%</i>	<i>80%</i>
<i>Not familiar (Net)</i>	<i>18%</i>	<i>12%</i>	<i>13%</i>	<i>20%</i>

TOPLINE & METHODOLOGY

Q2. To the best of your knowledge, please indicate whether you believe each of the statements below are true or false.

Total Correct Summary (Correct answer in brackets)

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
President Trump's announcement places a baseline 10% tariff on virtually all products imported into the U.S. [True]	60%	61%	69%	55%
Tariffs are taxes paid by the country exporting goods [False]	32%	19%	49%	30%
In the past, U.S. tariffs have been generally lower than those charged by other countries [False]	11%	4%	19%	11%
Inflation was the highest it's ever been during the Biden administration [True]	30%	54%	12%	30%

Q2_1. To the best of your knowledge, please indicate whether you believe each of the statements below are true or false. **President Trump's announcement places a baseline 10% tariff on virtually all products imported into the U.S. [True]**

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
True	60%	61%	69%	55%
False	9%	10%	9%	8%
Don't know	31%	29%	22%	36%
Skipped	1%	1%	1%	1%

Q2_2. To the best of your knowledge, please indicate whether you believe each of the statements below are true or false. **Tariffs are taxes paid by the country exporting goods [False]**

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
True	46%	62%	34%	48%
False	32%	19%	49%	30%
Don't know	21%	18%	16%	21%
Skipped	1%	1%	1%	1%

TOPLINE & METHODOLOGY

Q2_3. To the best of your knowledge, please indicate whether you believe each of the statements below are true or false. **Inflation was the highest it's ever been during the Biden administration [True]**

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
True	30%	54%	12%	30%
False	40%	22%	63%	39%
Don't know	28%	23%	23%	30%
Skipped	1%	1%	2%	1%

Q2_4. To the best of your knowledge, please indicate whether you believe each of the statements below are true or false. **In the past, U.S. tariffs have been generally lower than those charged by other countries [False]**

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
True	45%	66%	33%	47%
False	11%	4%	19%	11%
Don't know	43%	30%	48%	41%
Skipped	1%	-	1%	1%

Q3. To what extent do you support or oppose the following policies?

Total Support Summary

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
Downsizing the federal government	55%	87%	24%	60%
Closing all federal government "DEI" offices and firing all federal employees working in "DEI" initiatives	40%	77%	8%	41%
The effort to quickly reduce the size of the federal government workforce through deferred resignations and firings.	39%	74%	9%	41%
New tariffs, or taxes, on imported goods from Mexico	39%	77%	10%	37%
New tariffs of at least 10% on all of the United States' trading partners	39%	73%	10%	41%

TOPLINE & METHODOLOGY

Q3. To what extent do you support or oppose the following policies? (cont.)

Total Support Summary

	Total (N=1,027)	Republican (N=268)	Democrat (N=337)	Independent (N=321)
Proposals to dismantle the U.S. Department of Education.	35%	71%	4%	37%
New tariffs, or taxes, on imported goods from Canada	35%	74%	8%	31%
New tariffs of 25% on all cars and trucks made outside of the United States	35%	71%	9%	31%
Temporarily freezing federal funding for government grants and services in the U.S.	34%	66%	6%	36%
Freezing the funding for the National Institutes of Health, Centers for Disease Control and other public health agencies.	30%	62%	5%	27%

TOPLINE & METHODOLOGY

Q3. To what extent do you support or oppose the following policies? (cont.)

TOPLINE & METHODOLOGY

About the Study

This Reuters/Ipsos poll was conducted from April 4 to April 6, 2025, using the probability-based KnowledgePanel®. This poll is based on a nationally representative probability sample of 1,027 adults age 18 or older. The sample includes 268 Republicans, 337 Democrats, and 321 independents.

The survey was conducted using KnowledgePanel, the largest and most well-established online probability-based panel that is representative of the adult U.S. population. Our recruitment process employs a scientifically developed addressed-based sampling methodology using the latest Delivery Sequence File of the USPS – a database with full coverage of all delivery points in the U.S. Households invited to join the panel are randomly selected from all available households in the U.S. Persons in the sampled households are invited to join and participate in the panel. Those selected who do not already have internet access are provided a tablet and internet connection at no cost to the panel member. Those who join the panel and who are selected to participate in a survey are sent a unique password-protected log-in used to complete surveys online. As a result of our recruitment and sampling methodologies, samples from KnowledgePanel cover all households regardless of their phone or internet status and findings can be reported with a margin of sampling error and projected to the general population.

The data for the total sample were weighted to adjust for gender by age, race/ethnicity, education, Census region, metropolitan status, and household income. The demographic benchmarks came from the 2024 March Supplement of the Current Population Survey (CPS). The 2024 presidential vote choice benchmarks came from the federal elections 2024 election results for the U.S. President.

- Gender (Male, Female) by Age (18–29, 30–44, 45-59 and 60+)
- Race/Hispanic Ethnicity (White Non-Hispanic, Black Non-Hispanic, Other, Non-Hispanic, Hispanic, 2+ Races, Non-Hispanic)
- Education (Less than High School, High School, Some College, Bachelor's degree, Master's degree or higher)
- Census Region (Northeast, Midwest, South, West)
- Metropolitan status (Metro, non-Metro)
- Household Income (Under \$25,000, \$25,000-\$49,999, \$50,000-\$74,999, \$75,000-\$99,999, \$100,000-\$149,999, \$150,000+)
- 2024 Presidential Election Vote (Donald Trump, Kamala Harris, Other, Did not vote)

The margin of sampling error is plus or minus 3.2 percentage points at the 95% confidence level, for results based on the entire sample of adults. The margin of sampling error takes into account the design effect, which was 1.13. For Republicans, the margin of sampling error is plus or minus 6.2 percentage points, and the design effect is 1.08. For Democrats, the margin of sampling error is plus or minus 5.6 percentage points, and the design effect is 1.10. For independents, the margin of sampling error is plus or minus 5.8 percentage points, and the design effect is 1.14.

TOPLINE & METHODOLOGY

The margin of sampling error is higher and varies for results based on sub-samples. In our reporting of the findings, percentage points are rounded off to the nearest whole number. As a result, percentages in a given table column may total slightly higher or lower than 100%. In questions that permit multiple responses, columns may total substantially more than 100%, depending on the number of different responses offered by each respondent.
