Ipsos Poll on ICE Shooting

Conducted by Ipsos using KnowledgePanel®
A survey of the American general population (ages 18+)
Interview dates: January 16-18, 2026
Number of interviews: 1,229

Margin of error: +/- 3.2 percentage points at the 95% confidence level for all respondents

NOTE: All results show percentages among all respondents, unless otherwise labeled. Reduced bases are unweighted values.

NOTE: * = less than 0.5%, - = no respondents, N/A = not applicable

Annotated Questionnaire

Q1. How much, if anything, have you heard about the fatal shooting of Renee Nicole Good in Minneapolis by a U.S. Immigration and Customs Enforcement (ICE) officer?

	Total (N=1,229)	Democrat (N=345)	Republican (N=363)	Independent (N=393)
A lot	54%	64%	55%	52%
A little	35%	30%	38%	36%
Nothing at all	11%	7%	7%	12%
Skipped	*	-	-	-

Q2. Based on what you know, do you think the fatal shooting of Renee Nicole Good by a U.S. immigration officer was...?

	Total (N=1,229)	Democrat (N=345)	Republican (N=363)	Independent (N=393)
Necessary use of force	25%	3%	54%	22%
Excessive use of force	52%	91%	19%	53%
Not sure	23%	7%	27%	25%
Skipped	*	-	*	*

TOPLINE & METHODOLOGY

Q3. How confident are you that the investigation into the shooting will be conducted fairly?

	Total (N=1,229)	Democrat (N=345)	Republican (N=363)	Independent (N=393)
Very confident	15%	1%	35%	11%
Somewhat confident	23%	10%	35%	24%
Not too confident	25%	30%	19%	26%
Not at all confident	35%	58%	9%	36%
Skipped	2%	*	1%	3%
Confident (Net)	39%	11%	71%	35%
Not Confident (Net)	59%	89%	28%	62%

Q4. Overall, do you think efforts by U.S. Immigration and Customs Enforcement (ICE) officers to deal with unauthorized immigration in the country...?

	Total (N=1,229)	Democrat (N=345)	Republican (N=363)	Independent (N=393)
Go too far	59%	95%	23%	63%
Do not go far enough	13%	2%	23%	14%
Are about right	26%	3%	53%	21%
Skipped	2%	-	*	2%

TOPLINE & METHODOLOGY

About the Study

This poll was conducted January 16-18, 2026, by Ipsos using the probability-based KnowledgePanel®. This poll is based on a nationally representative probability sample of 1,229 general population adults aged 18 or older.

The study was conducted in English. The data were weighted to adjust for gender by age, race and ethnicity, census region, metropolitan status, education, household income, 2024 vote choice and political party identification. Political party identification benchmarks are from the 2025 NPORS annual survey. The demographic benchmarks came from the 2025 March supplement of the U.S. Census Bureau's Current Population Survey (CPS).

- Gender (Male, Female) by Age (18–29, 30–44, 45-59 and 60+)
- Race/Hispanic Ethnicity (White Non-Hispanic, Black Non-Hispanic, Other, Non-Hispanic, Hispanic, 2+ Races, Non-Hispanic)
- Education (Less than High School, High School, Some College, Bachelor's degree, Master's degree or higher)
- Census Region (Northeast, Midwest, South, West)
- Metropolitan status (Metro, non-Metro)
- Household Income (Under \$25,000, \$25,000-\$49,999, \$50,000-\$74,999, \$75,000-\$99,999, \$100,000-\$149,999, \$150,000+)
- 2024 Vote Choice (Trump, Harris, Another candidate, Did not vote)
- Political Party ID (Democrat, Lean Democrat, Republican, Lean Republican, Independent/Something else)

The margin of sampling error is plus or minus 3.2 percentage points at the 95% confidence level, for results based on the entire sample of adults. The margin of sampling error takes into account the design effect, which was 1.30. The margin of sampling error is higher and varies for results based on sub-samples. In our reporting of the findings, percentage points are rounded off to the nearest whole number. As a result, percentages in a given table column may total slightly higher or lower than 100%. In questions that permit multiple responses, columns may total substantially more than 100%, depending on the number of different responses offered by each respondent.
