**Ipsos Ipsos** Healthcare

## **REENA SANGAR**

Reena Sangar leads Ipsos healthcare's digital research strategy focusing in particular on mobile and big data. She ensures that Ipsos develops and employs powerful capabilities in evolving digital techniques. Whether this is actively engaging with respondents via mobile, online or through passive measurement and 'big data' analytics. Reena is an experienced researcher who has a long legacy of meeting client needs across therapy area(s) and is a thought leader in connected health developments.

Reena sits on the member board for the Personal Connected Health Alliance and is a passionate advocate of embracing patient generated data. She directed the International Survey on Connected Health in 2016 and today is launching Digital Doctor 2017.

## PATTY MECHAEL

Dr. Patricia (Patty) Mechael is executive vice president of the Personal Connected Health Alliance. Patty has a 20-year track record in global health leadership in personal connected and digital health. She is celebrated for her roles as a digital health thought leader, writer, researcher, professor and executive director of the mHealth Alliance.

She is a Rockefeller Foundation Bellagio Fellow, Johns Hopkins University Knowledge for the World Distinguished Alumnus Award Recipient, British Council UK Education Social Impact Award Recipient, member of the editorial board of the Journal of Medical Internet Research, and co-editor of the book: mHealth in Practice: Mobile technology for health promotion in the developing world. Dr. Mechael holds a PhD in Public Health and Policy from the London School of Hygiene and Tropical Medicine, a Masters in Health Science in International Health from the Johns Hopkins School of Public Health, and a Bachelor of Arts in Near Eastern Studies from the Johns Hopkins University. She is also co-founder and principal and policy lead at HealthEnabled, a South African based non-profit focused on nationally scaled integrated digital health systems, where she has been leading the development of a Global Digital Health Index.

|    | Russia    | 57% |  |
| 22 | France    | 55% |  |
| 23 | Japan     | 40% |  |

Base: 18,180 adults across 23 countries (1,002 GB), online, 12th Sep - 11th Oct 2016

## **DIGITAL DOCTOR 2017**

## Key Trends

Connected Health is on the rise

Government advocacy drives telemedicine

Doctor's digital behaviour increases

It's all about patient self management

AI brings optimism (& anxiety!)

Apple lead as most innovative; no consistent winner for Pharma (yet)

A need for regulation to reassure Doctors

Virtual Reality for simulation

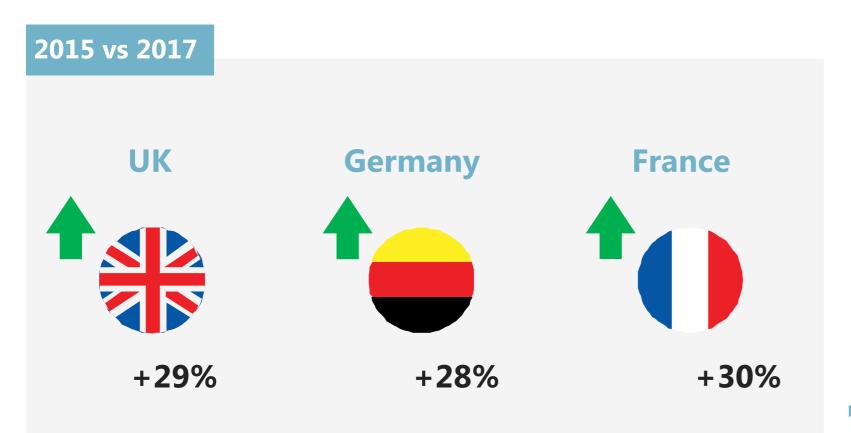

Challenging the mindset of doctors for healthy longevity

# CONNECTED HEALTH IS ON THE RISE

## **INCREASE IN RECOMMENDATION**

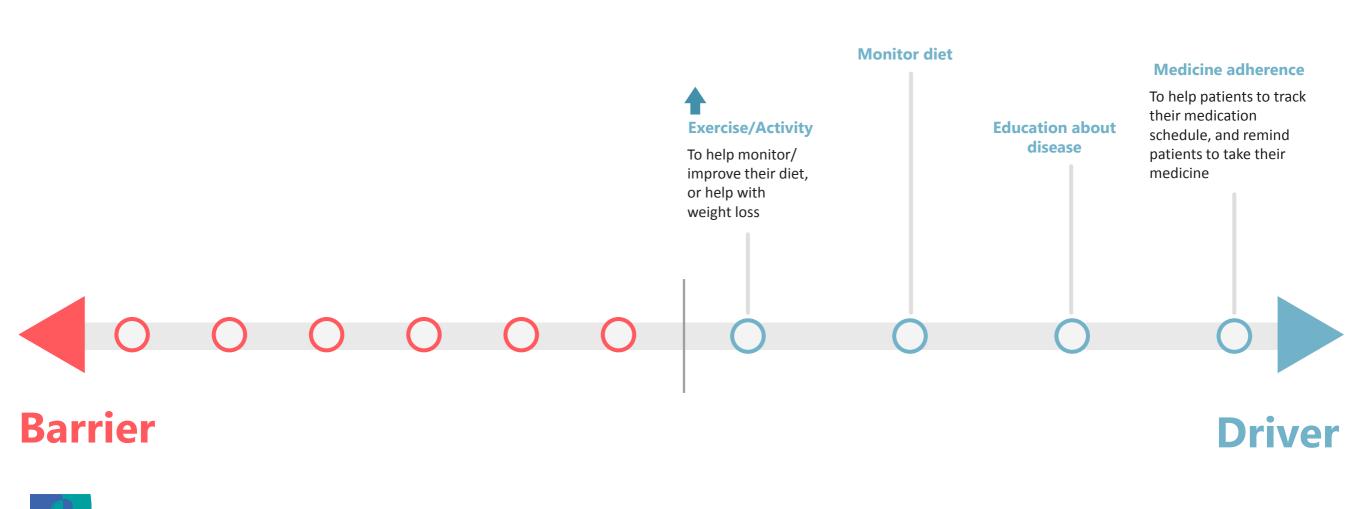

Doctors recommending smartphone apps to patients (for their own use/evaluation) has increased in all 3 markets by almost a third.

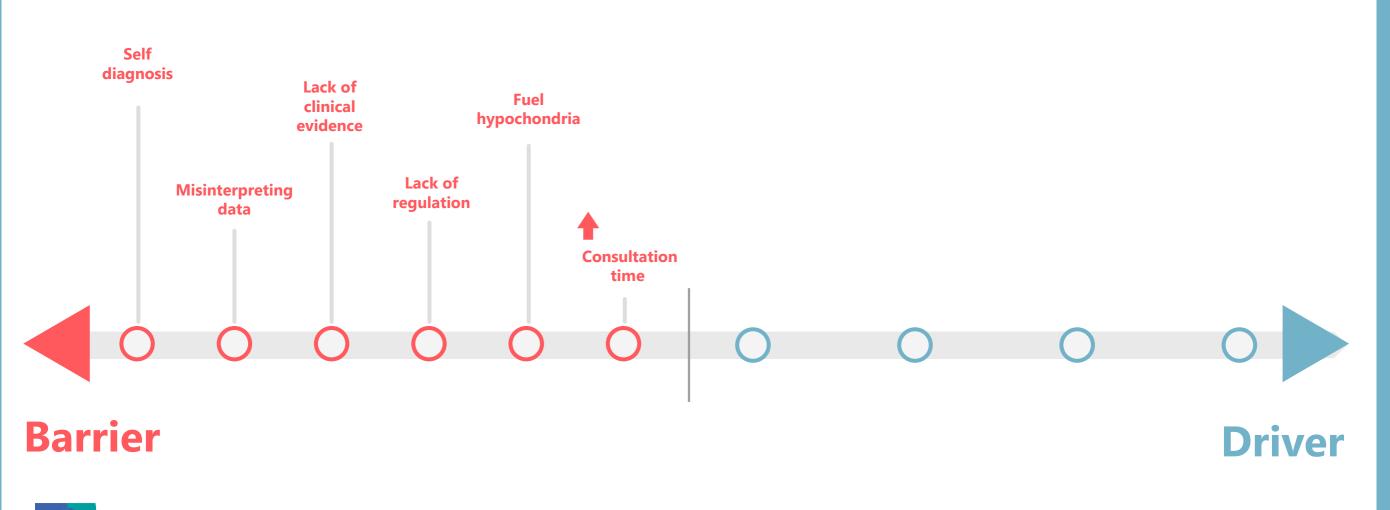

# PATIENT SELF MANAGEMENT

## **GREATEST POTENTIAL FOR CONNECTED HEALTH?**

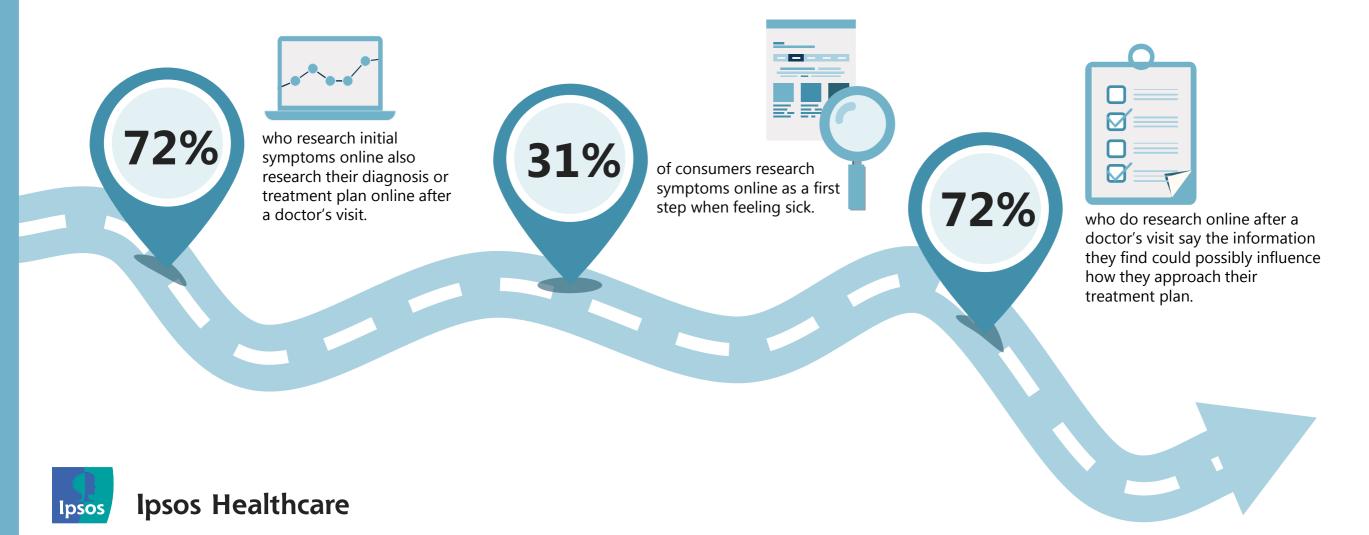

## **CONCERNS OVER USE OF CONNECTED HEALTH?**

## **GOOGLE SEARCH WAS ONCE IN THE SAME BOAT!**

#### **Consumers are online every step of the way**

## A NEED FOR REGULATION AND GUIDELINES

Benchmarking product approvals

Personal data and privacy protection

**Consumer vs. Medical device diffrentiation** 

Interoperability

**Devices which support a** decision (e.g. By calculating heart rate, monitoring the status of a disease or determining what/when medicine is required), will be considered medical devices.

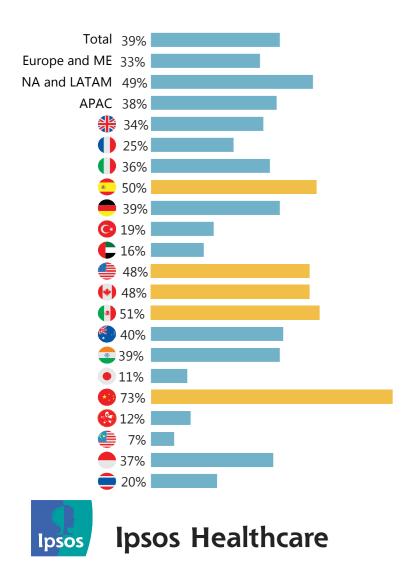

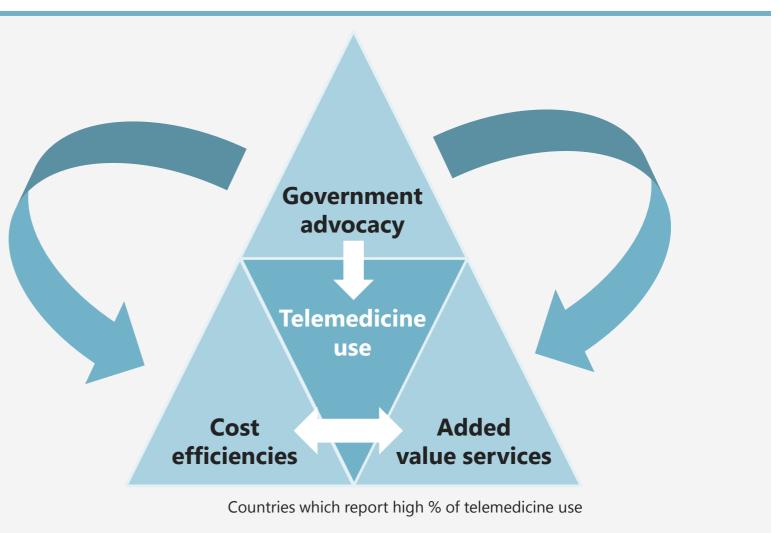

## TRENDS IN TELEMEDICINE

# AI & VR

## **TELEMEDICINE USE DRIVEN BY TOP-DOWN ADVOCACY**

#### % Doctors used app/digital platform for telehealth

## **ARTIFICIAL INTELLIGENCE BRINGS**

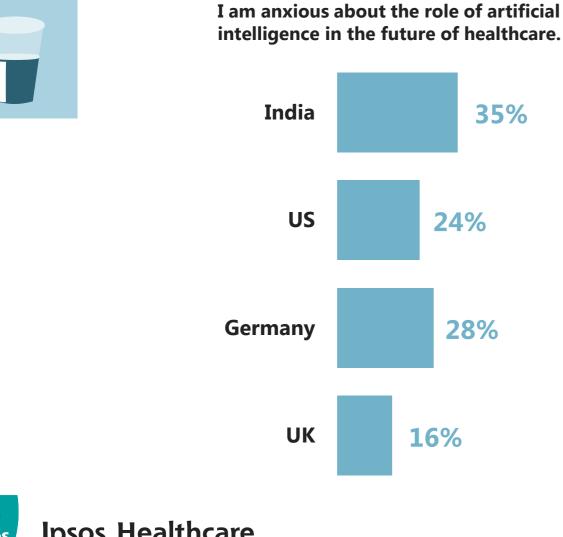

35%

24%

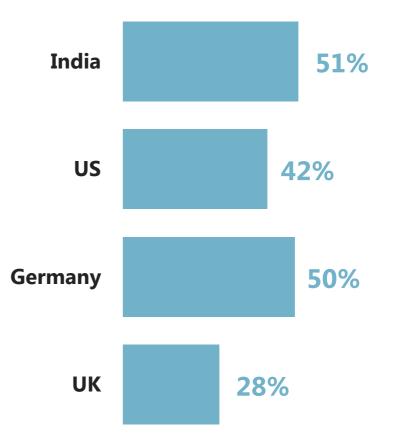

28%

16%

### **OPTIMISM (& ANXIETY!)**

I am excited about the role of artificial intelligence in the future of healthcare.

## VIRTUAL REALITY FOR SIMULATION TRAINING

Walk in someone else's shoes to better understand the world

Experience something you wouldn't normally do (e.g. sky-diving)

Remove all distraction, enabling focus on activities like relaxation

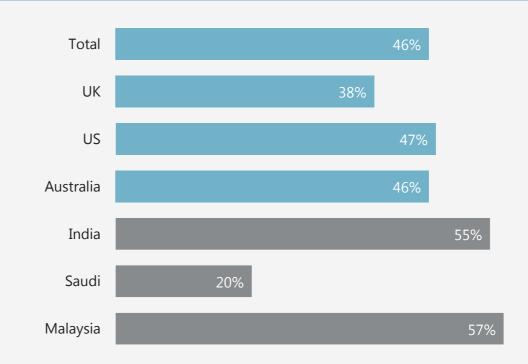

Learn effectively/education (e.g. become microscopic and travel through the body to learn about anatomy – like the The Body VR);

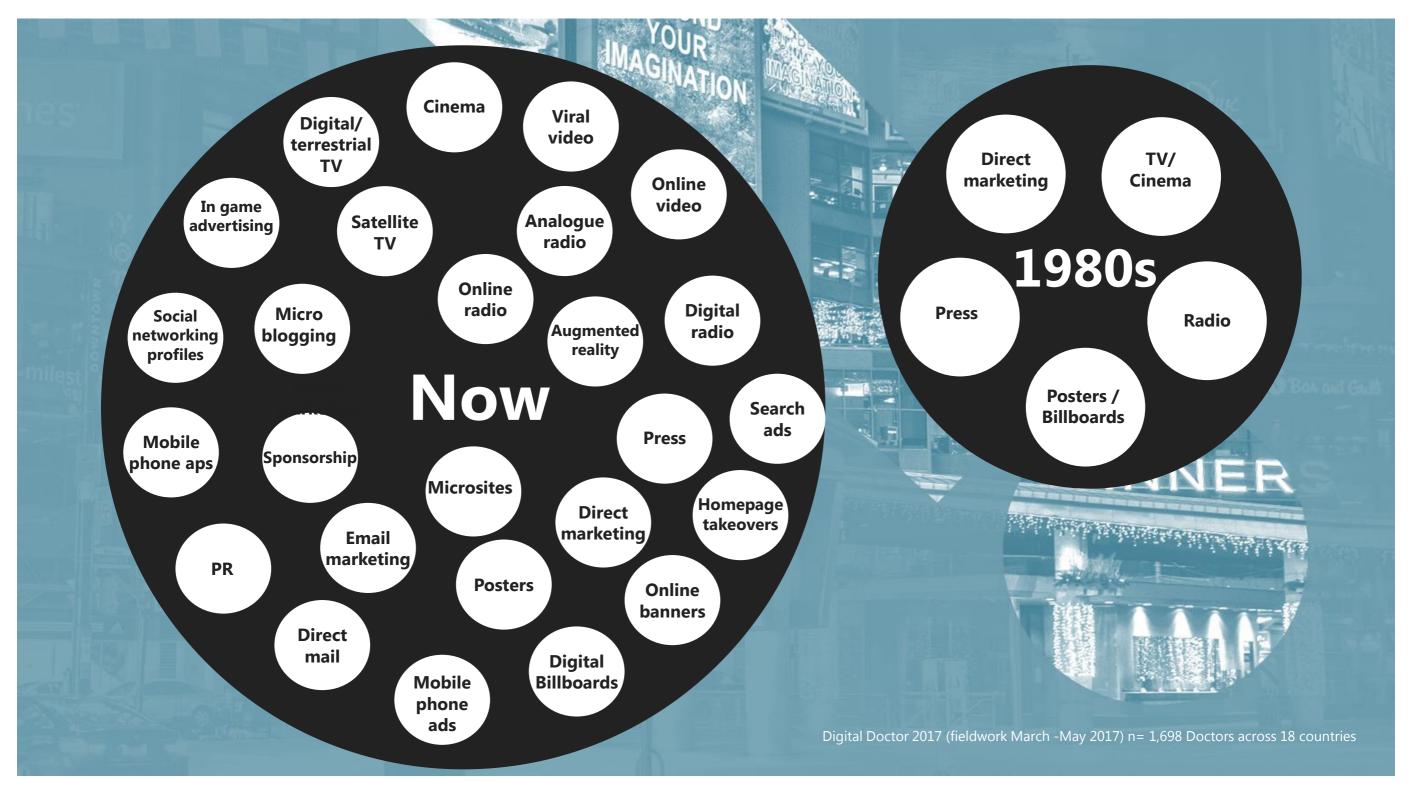

#### USES OF VIRTUAL REALITY (RANKED 1<sup>ST</sup> BY DOCTORS)

#### Simulations for training physicians

# DOCTOR'S DIGITAL BEHAVIOUR

## TRADITIONAL CHANNELS REIGN, DIGITAL IS GROWING

#### **Top channels**

In person meetings/events

**Online study modules** 

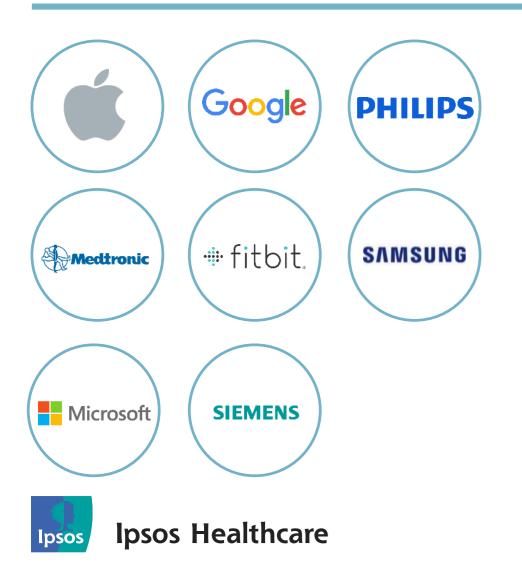

Sponsored attendance/ Conferences

## WHO'S MOST INNOVATIVE?

## **APPLE ARE GLOBAL LEADERS IN INNOVATION**

#### **Top Tech Companies**

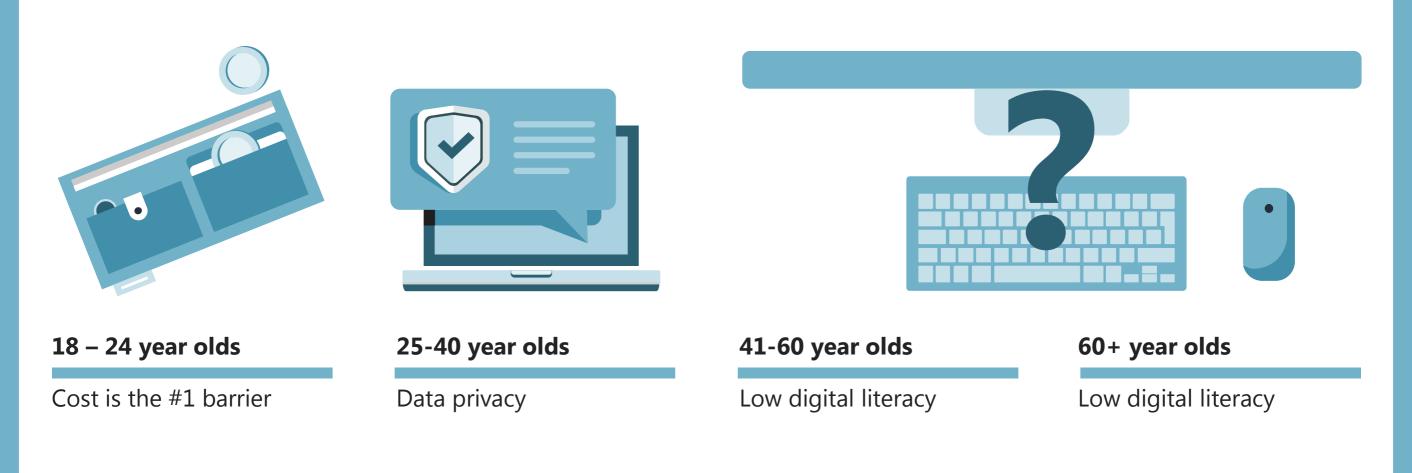

#### **Top Pharma Companies**

# HEALTHY LONGEVITY

## **PERCEIVED BARRIERS TO ADOPTION BY AGE BRACKETS**

## FINAL THOUGHTS

## October 25-27, 2017 Seaport World Trade Center Boston, MA

## The Connected Life Journey

Shaping health and wellness for every generation

PROVIDERS. RESEARCHERS. INNOVATION LEADERS. PHARMA/LIFESCIENCES, MEDTECH, HEALTHCARE EXECUTIVES.
