Core Political Data

The precision of the Reuters/Ipsos online polls is measured using a credibility interval.

In this case, the poll has a credibility interval of plus or minus the following percentage points

| 3.3	3.7	5.3	6.0	11.8
All Adults	All Registered Voters	Democratic Registered Voters	Republican Registered Voters	Independent Registered Voters

For more information about credibility intervals, please see the appendix.

Core Political Data

- **The data were weighted to the U.S. current population data by:**
  - **Gender**
  - **Age**
  - **Education**
  - **Ethnicity**
  - **Region**

- Statistical margins of error are not applicable to online polls.

- All sample surveys and polls may be subject to other sources of error, including, but not limited to coverage error and measurement error.

- Figures marked by an asterisk (*) indicate a percentage value of greater than zero but less than one half of one per cent.

- Where figures do not sum to 100, this is due to the effects of rounding.
