# IRAN & LIKELIHOOD OF MILITARY CONFLICT

# Half of Americans believe that it is likely America will go to war with Iran in the next few years.

How likely, if at all, do you believe it is that United States will go to war with the following countries within the next few years? (Iran)

### About the same amount view Iran as a significant or imminent threat.

On a scale of 1 to 5, with one being no threat and 5 being an imminent threat, how much of a threat do the following countries or organizations pose to the United States? (Iran)

# But Americans do not support conducting a preemptive attack on Iranian military interests.

In your opinion, should the U.S. conduct a preemptive attack on Iranian military interests?

# ATTITUDES TOWARD STUDENT DEBT POLICY PROPOSALS

# Over half of millennial registered voters report taking out student loans...

Did you borrow any money to help pay for your education?

### ...but less than a third say they have paid the money they borrowed back.

Thinking about the money you borrowed to pay for your education, which of the following applies to you?

# Parties are equally supportive of lower interest rates on student loans, but split on support for other policies

Do you support or oppose each of the following? (Total support)

# Using a wealth tax to pay for student debt forgiveness and federally funded college tuition does not change the amount of support for each.
