

19. Recently, some people have complained that cell phones and pagers seem to be everywhere and it's hard to not hear someone else's pager or telephone go off. I am going to list a number of different venues and I want you to tell me if you think the use of cell phones and pagers should be banned in each place, or if it doesn't matter to you.

A) Movie theatres ?

20. As you may know, there is a trial going on in Toronto involving an alleged prostitution ring. In the course of their investigation Toronto Police discovered a list of men who had obtained the services of these prostitutes and found out that some of these men may have been exposed to the AIDS virus by one or more of the prostitutes.

Now, I would like you to imagine that your name was on the list because you had been one of the men involved. If the list became public and your partner saw your name on the list, which of the following would you do ? Would you:
