

Different people find that different aspects of their lives can be overwhelming or stressful. I'm going to name different areas of life. Please tell me if you find the demands of this area of your life stressful and overwhelming almost all of the time, often, occasionally, or never: World events ?

I am going to read you a list of statements, and I want you to tell me if you strongly agree, somewhat agree, somewhat disagree or strongly disagree as to how they apply to you personally, based on your reaction and feelings towards the terrorist and military issues that we're dealing with today: I have visited my doctor or a professional counselor to help me cope with how I feel about the threat of terrorism and the current war, which include physical or anxiety symptoms ?
