

Alberta Reid Express - January 2004

In his State of the City address, Mayor Bronconnier proposed that the Provincial Government provide municipalities with 20% of future provincial budget surpluses to help municipalities pay for local investments. That would translate into approximately \$1.2 Billion to Calgary for infrastructure over the next seven years. Overall would you say you support or oppose this proposal to allocate 20 percent of the provincial surplus over the next 7 years for investment in Alberta's municipalities?
