

GHG Reduction Questions

Detailed tables

NG5. As you may know, the Government of Canada is setting mandatory reduction targets for all major industries that produce greenhouse gases. How concerned are you that reductions be made in the other sources of greenhouse gases in Canada?

Proportions/Mean: Columns Tested (5% risk level) - A/B/C/D/E/F - G/H/I - J/K

GHG Reduction Questions

Detailed tables

NG6_7. (Institutions like schools, hospitals and community centres) In fact, the Government of Canada reduction targets cover about 51% of the greenhouse gases produced in our country. Most of the remaining greenhouse gases are produced by transportation, residential and commercial heating, agriculture and consumer and commercial products. How responsible do you think the following stakeholders are for reducing these greenhouse gas emissions?

Proportions/Means: Columns Tested (5% risk level) - A/B/C/D/E/F - G/H/I - J/K
Overlap formulae used. * small base
