2. Prime Minister Harper recently indicated to a reporter questioning him on the renewal of the Health Accord with the provinces that, for the time being, the priority of his government is the economy. Which one of the following statements best represents your personal point of view?

	Total	GENDER		AGE			EDUCATION			
		Male	Female	18-34	35-54	55+	<HS	HS	Post Sec	Univ Grad
Base: All respondents	1015	A	B	C	D	E	F	G	H	I
Weighted	1015	571	444	167	362	486	75	282	473	185
		491	524	283	403	329	101*	399	331	184
I believe the federal government's priority should be health care	161 16%	68 14%	94 18%	77 27% DE	51 13%	33 10%	14 14%	67 17%	48 15%	32 17%
I believe that the federal government's priority should be the economy	131 13%	88 18% B	43 8%	36 13%	40 10%	54 17% D	12 12%	38 10%	48 15%	33 18% G
I believe that the federal government should be equally focused on health care and the economy	722 71%	336 68%	387 74%	170 60%	311 77% C	241 73% C	75 74%	294 74%	234 71%	119 65%

Proportions/Mean: Columns Tested (5% risk level) - A/B - C/D/E - F/G/H/I Overlap formulae used. * small base

3. Some people have suggested that the provinces needed to be innovative in managing the costs of health care. For example, all provinces could work together and use their collective purchasing power to buy medicines from pharmaceutical companies which would provide economies of scale and lower costs. To what extent do you agree or disagree that the provincial governments can work together to manage health care dollars more effectively?
