7.3. [Politicians in Ottawa and the average Canadian] Canada is a large country comprised of many different communities and regional identities. Some say that there is a link that binds all Canadians together regardless of who we are or where we live, others don't think we have much in common at all. For each example below, please tell me whether you believe they have a lot in common, a little in common, or nothing in common at all:

	Total	REGION						HOUSEHOLD INCOME				HOUSEHOLD COMPOSITION
