Q16. As you may know, access to the Billy Bishop Toronto City Airport is by way of a short ferry ride across a distance of 400 feet (or 121 metres). An under-water pedestrian tunnel is currently being built to link the island to the mainland. Before today, to what extent are you aware of this construction? Are you...

Q17_5. [I think the short-term pain of construction and the inconvenience it causes will be worth the long-term gain of having a tunnel to connect Toronto ...] I'd like to read you some statements about the pedestrian tunnel. Please tell me whether you agree very much, agree somewhat, disagree somewhat or disagree very much.
