Please rank your top three by selecting a 1 for the issue you are most concerned about, a 2 for the issue you are next most concerned about and a 3 for the third. |
| <u>39</u> | q4_5. [Health education] Thinking about your child's/children's education, in your opinion how important are each of the following subjects? |
| <u>40</u> | q4_6. [Physical education] Thinking about your child's/children's education, in your opinion how important are each of the following subjects? |
| <u>54</u> | q5_5. [Health education] Thinking again about your child's/children's education, how satisfied are you with the quality of teaching your child/children receive(s) in each of the following subjects? |
| <u>55</u> | q5_6. [Physical education] Thinking again about your child's/children's education, how satisfied are you with the quality of teaching your child/children receive(s) in each of the following subjects? |
| <u>95</u> | q7. How many minutes of physical education do you think children in elementary school are required to take each week according to the curriculum of your province? |
| <u>96</u> | q8. In Canada, the minimum amount of weekly instruction in physical education for elementary schools range from 75 minutes to 165 minutes per week, depending on the province or territory. Knowing this, how many minutes of physical education do you think elementary students in Canada should take every week? |
| <u>110</u> | q10_1. [I would advocate for better physical education [at my child's school if I felt the quality was low/in schools if I felt the quality was low]] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>111</u> | q10_2. [I regularly spend time volunteering at my child's school] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>112</u> | q10_3. [I would spend more time volunteering at my child's school but I am too busy] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>113</u> | q10_4. [I am concerned that my child is not getting enough physical activity] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>114</u> | q10_5. [I don't know how to ensure that my child is getting enough physical activity] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>115</u> | q10_6. [My child or children eat(s) too much junk food] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>116</u> | q10_7. [My child or children spend(s) too much time watching TV or using the computer] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>117</u> | q10_8. [I am responsible for the overall health of my child or children] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>118</u> | q10_9. [My child or children's teachers need to help me understand my child's health and physical abilities] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| <u>119</u> | q10_10. [My child or children participate(s) in after school programs that promote physical activity] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |

| | |
|---------------------|---|
| 120 | q10_11. [My child or children play organized sport] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 121 | q10_12. [My child or children participate in active play with friends or family every day] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 122 | q10_13. [Children in general do not get enough physical activity these days] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 123 | q10_14. [There should be a special tax on unhealthy snack foods, such as potato chips, candy and chocolate, to discourage people from buying them] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 124 | q10_15. [It is important for parents to get involved to ensure that their child is getting quality physical and health education] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 125 | q10_16. [I trust the education system to ensure that children get enough physical activity] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 126 | q10_17. [Children would not be overweight or obese if they ate healthier foods] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 127 | q10_18. [Children would not be overweight or obese if they got enough physical activity] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 128 | q10_19. [All this talk these days about kids and obesity is exaggerated] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 129 | q10_20. [The education system should place more importance on providing quality physical education] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 130 | q10_21. [Causes related to children's health should be given more attention] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements. |
| 136 | q11_1. [Children who are physically active tend to perform better academically] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| 137 | q11_2. [Children who are physically active are less likely to develop diseases such as cancer, diabetes, and heart disease later in life] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| 138 | q11_3. [Physical activity among children is essential for healthy growth and development] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| 139 | q11_4. [Physical education helps to prevent overweight/obesity among children] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| 140 | q11_5. [Physical education and activity help children to develop self-confidence] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| 141 | q11_6. [Physically active children experience less social or emotional anxiety] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| 142 | q11_7. [Physically active children are less likely to get involved in crime or gangs] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |

| | |
|----------------------------|--|
| <u>143</u> | q11_8. [Physically active children are more likely to become leaders in their community or career] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| <u>144</u> | q11_9. [Physically active children are less likely to begin smoking or abuse drugs/alcohol] Using a scale of 0 to 10 where 0 means strongly disagree and 10 means strongly agree please indicate how much you agree with the following statements about physical education and activity among children. |
| <u>162</u> | q13. In your opinion, if schools devoted more time to physical education, how do you think students' success in mathematics, science and reading/writing would be impacted? |
| <u>180</u> | q15. Research has shown that schools can increase the amount of time devoted to physical education without negatively impacting achievement in other subjects. Knowing this, how much do you support schools devoting more time to physical education? |
| <u>182</u> | q17. How much do you agree or disagree that the federal and provincial governments should devote a greater percentage of the health care budget to investing in preventative measures so people do not get sick in the first place? |
| <u>183</u> | q18. How much do you agree or disagree with the following statement? Of the \$200 billion spent on health care in Canada each year I support increasing the proportion spent on health promotion and disease prevention measures like physical activity, recreation, or sport from less than 1 percent to 2 percent. |
