9. As you may know, the Government of Canada issued a directive requiring people to show their faces when they are being sworn in as Canadian citizens. This directive would mean that face coverings, such as niqabs or burqas worn by some observant Muslim women, are not permitted during Canadian citizenship ceremonies. This directive was recently found to be unlawful by both the Federal Court and the Federal Court of Appeal, stating the policy was in violation of the Citizenship Act which says citizenship judges must allow the greatest possible religious freedom when administering the citizenship oath. Do you support or oppose a requirement that people show their face during Canadian citizenship ceremonies?
