

## Table of Contents

### Table Description

<a href="#"><u>1</u></a>	S1_1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I worry that I will someday fall through the cracks in the health system.
<a href="#"><u>2</u></a>	S1_2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I worry that the Canadian health system is falling behind compared to other countries
<a href="#"><u>3</u></a>	S1_3. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I think the Canadian health care system is among the best among other developed countries
<a href="#"><u>4</u></a>	S1_4. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I have friends or family members who have looked into health services in other provinces or other countries because they are concerned about the quality and how up to date the health services are where they live.
<a href="#"><u>5</u></a>	S1_5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I worry about the risk of infection at hospitals and other health care facilities in my area.
<a href="#"><u>6</u></a>	S1_6. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I think Canadians can improve their own health and prevent many illnesses if they have access to the most up to date trusted information and advice about healthy living.
<a href="#"><u>7</u></a>	S1_7. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I expect the new federal Government to deliver on its commitment to work more closely with Provincial Governments to improve the health of Canadians as part of a multiyear Health Accord.
<a href="#"><u>8</u></a>	S1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - Top 2 Box Summary
<a href="#"><u>9</u></a>	S1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - Bottom 2 Box Summary
<a href="#"><u>10</u></a>	1. The United States and United Kingdom have identified and publicly report on what they call never events for healthcare. Never Events or Preventable Events are patient safety incidents that lead to serious harm or death and are deemed to be preventable. They include things like having the wrong body part operated on or a tool left in you during surgery, being given a medication that you know you are allergic to, or a baby being abducted or discharged to the wrong person. How concerned are you about these preventable events happening in hospitals in Canada?
<a href="#"><u>11</u></a>	2_1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I support mandatory public reporting of these preventable events so that the public, healthcare providers, and governments can work to decrease the occurrence of these preventable events.
<a href="#"><u>12</u></a>	2_2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - If I were to be hospitalized I would be worried that I might be harmed or that one of these "preventable events" might happen to me.

<a href="#"><u>13</u></a>	2_3. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - Canadian governments and healthcare institutions should clearly communicate what these "preventable events" are to Canadians.
<a href="#"><u>14</u></a>	2_4. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - When these "preventable events" do occur Canadians should be informed of when and where they happened and what was done to prevent them from happening again.
<a href="#"><u>15</u></a>	2_5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - Hospital care needs to have the same type of regulatory body as industries such as airlines and nuclear facilities to ensure that the public's safety is never compromised.
<a href="#"><u>16</u></a>	2_6. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - Mistakes happen, even to doctors; system processes should be designed so they can be better supported when speaking up when a mistake has been made.
<a href="#"><u>17</u></a>	2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - Top 2 Box Summary
<a href="#"><u>18</u></a>	2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - Bottom 2 Box Summary
<a href="#"><u>19</u></a>	3. Canada's Indigenous population comprises First Nations, Metis, and Inuit populations. How concerned are you about the health disparities of our Indigenous?
<a href="#"><u>20</u></a>	4. How familiar are you with the First Nations Health Authority that has been created for devolution of responsibility of federal and provincial governments to British Columbia First Nations for improving the health of Indigenous Canadians living in British Columbia.
<a href="#"><u>21</u></a>	5_1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - I support governments working with First Nations leaders in establishing clear goals and targets in reducing health disparities
<a href="#"><u>22</u></a>	5_2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - I support the collection and public reporting of data about Indigenous health problems such as infant mortality, suicide, mental health, chronic diseases and addictions so that the public is kept informed on whether these problems are being addressed.
<a href="#"><u>23</u></a>	5_3. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - I am optimistic that if Canadian governments make improving Indigenous health a priority Indigenous Canadians can have the same health status as other Canadians.
<a href="#"><u>24</u></a>	5_4. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - It is clear that the health concerns faced by Indigenous patients will not be solved unless a new approach is used by the federal and provincial governments in delivering health care services.
<a href="#"><u>25</u></a>	5_5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - To solve the health issues faced by Indigenous patients, governments need to work with indigenous communities to address all of the social determinants of health, such as poverty, poor living conditions, low levels of education, and healthcare access.

<a href="#"><u>26</u></a>	5_6. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - In areas where there is a significant aboriginal population, hospitals should have strategies and plans developed specifically for providing services to Indigenous Canadians.
<a href="#"><u>27</u></a>	5_7. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - I think it would be a good idea for my Provincial Government and the Federal Government to establish a Federal/Provincial Indigenous Health Authority to ensure both levels of government and Indigenous communities are working together to improve the health of Indigenous peoples.
<a href="#"><u>28</u></a>	5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - Top 2 Box Summary
<a href="#"><u>29</u></a>	5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about indigenous health? - Bottom 2 Box Summary
<a href="#"><u>30</u></a>	6_1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about innovation in healthcare? - I worry about new or innovative ideas taking too long to spread across the country.
<a href="#"><u>31</u></a>	6_2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about innovation in healthcare? - I think it is a good idea for the Government of Canada to invest substantially over the next 5 years as part of the new Health Accord to support innovation in Canada's health system.
<a href="#"><u>32</u></a>	6_3. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about innovation in healthcare? - Finding new ways to deliver health is the only way that Canadian governments are going to be able to keep up with the growing demand for health care.
<a href="#"><u>33</u></a>	6_4. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about innovation in healthcare? - I think Canada has a lot to learn from what other countries doing to make their health systems more sustainable.
<a href="#"><u>34</u></a>	6_5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about innovation in healthcare? - In Canada we have talked for a long time about changing the health system for the better but until governments invest in change it won't happen.
<a href="#"><u>35</u></a>	6. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about innovation in healthcare? - Top 2 Box Summary
<a href="#"><u>36</u></a>	6. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about innovation in healthcare? - Bottom 2 Box Summary
<a href="#"><u>37</u></a>	7. How concerned are you about the healthcare available to senior populations in Canada today?
<a href="#"><u>38</u></a>	8_1. And how concerned are you about the healthcare available to senior populations in Canada in 5 years or in 10 years? - 5 years
<a href="#"><u>39</u></a>	8_2. And how concerned are you about the healthcare available to senior populations in Canada in 5 years or in 10 years? - 10 years
<a href="#"><u>40</u></a>	8. And how concerned are you about the healthcare available to senior populations in Canada in 5 years or in 10 years? - Top 2 Box Summary
<a href="#"><u>41</u></a>	8. And how concerned are you about the healthcare available to senior populations in Canada in 5 years or in 10 years? - Bottom 2 Box Summary

[42](#)

9\_1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - I think it's a good idea for any new government healthcare funding to go toward programs that help promote better health and prevent chronic illnesses rather than putting new money into treating existing illnesses.

[43](#)

9\_2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - Governments across Canada should commit to report on progress for a National Seniors Health Promotion Strategy.

[44](#)

9\_3. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - Many seniors need more education around how to take responsibility for their health as they get older.

[45](#)

9\_4. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - The healthcare system needs to provide the tools and resources to Canadian seniors to enable them to live a healthier life.

[46](#)

9\_5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - Governments need to do more to help seniors and their family caregivers to manage their chronic health conditions.

[47](#)

9\_6. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - I worry that as Canadians live longer their final years will be mainly of poor quality as they cope with chronic diseases

[48](#)

9\_7. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - Some seniors are more vulnerable and in need of more health care services than other seniors. The health care system needs to do a better job of identifying the needs of frail seniors and providing them with the increased care that they need.

[49](#)

9\_8. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - I expect to be very responsible for the care of an ageing parent or grandparent in the near future.

[50](#)

9\_9. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - The health care system does a good job in providing preventative care that can help older Canadians remain healthier for longer.

[51](#)

9. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - Top 2 Box Summary

[52](#)

9. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about seniors health? - Bottom 2 Box Summary

[53](#)

10\_1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - There is enough health and care support for seniors in my area to live at home for as long as they are able to do so.

[54](#)

10\_2. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - I worry that there will not be enough home or community based care for my family and me when we need it.

<a href="#"><u>55</u></a>	10_3. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - Canadian governments need to address the limited access to seniors home care
<a href="#"><u>56</u></a>	10_4. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - Homecare for seniors is unaffordable for most Canadians
<a href="#"><u>57</u></a>	10_5. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - Canadian governments need to address the limited number of spaces in long-term care facilities.
<a href="#"><u>58</u></a>	10_6. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - I have family or friends who have experienced poor quality of care in a long-term care facility.
<a href="#"><u>59</u></a>	10_7. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - It is important that municipal governments are involved in the development of any long term care programs in addition to the Federal and Provincial governments
<a href="#"><u>60</u></a>	10. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - Top 2 Box Summary
<a href="#"><u>61</u></a>	10. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements about home care and community care for seniors? - Bottom 2 Box Summary
<a href="#"><u>62</u></a>	11. Do you have any adult family members, relatives or close friends that you personally help in a substantial way to deal with their healthcare issues, accessing the system, going for tests, getting medications, talking about their health, etc.?
<a href="#"><u>63</u></a>	12. Do you have a family physician, doctor or nurse practitioner you usually see for medical care?
<a href="#"><u>64</u></a>	13. Have you seen your family physician, doctor or nurse practitioner in the last year?
<a href="#"><u>65</u></a>	14. Do you suffer from any chronic disease, illness or condition? By chronic disease we mean an illness that lasts more than 3 months and requires ongoing management and/or treatment, for example hypertension, asthma, diabetes, cardiovascular disease, etc.
<a href="#"><u>66</u></a>	GENDER
<a href="#"><u>67</u></a>	AGE
<a href="#"><u>68</u></a>	EDUCATION
<a href="#"><u>69</u></a>	REGION
<a href="#"><u>70</u></a>	INCOME
<a href="#"><u>71</u></a>	HOUSEHOLD COMPOSITION
<a href="#"><u>72</u></a>	HHCMP1. How many people are living or staying at your current address?
<a href="#"><u>73</u></a>	EMPLOYMENT STATUS
<a href="#"><u>74</u></a>	USMAR2. What is your marital status?
<a href="#"><u>75</u></a>	US01PGS. How much of your household's grocery shopping do you, yourself, do?
<a href="#"><u>76</u></a>	CAETHN2. Sometimes people identify themselves with a specific ethnicity or cultural background which is different from their citizenship or nationality. Thinking about your own identity in ethnic or cultural terms, please select which group you most identify yourself with.

S1\_1. Please tell me whether you strongly agree, somewhat agree, somewhat disagree or strongly disagree with each of the following statements? - I worry that I will someday fall through the cracks in the health system.

1. The United States and United Kingdom have identified and publicly report on what they call never events for healthcare. Never Events or Preventable Events are patient safety incidents that lead to serious harm or death and are deemed to be preventable. They include things like having the wrong body part operated on or a tool left in you during surgery, being given a medication that you know you are allergic to, or a baby being abducted or discharged to the wrong person. How concerned are you about these preventable events happening in hospitals in Canada?
